APPARITION OF THE GLORIFIED CHRIST JESUS DURING THE SACRED WEEK, DAY 7, IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

My Love is like arrows deep in the soul which penetrate in the innermost being when they open to know My Glory.

My Love is transforming and unique, and wishes to enter into all souls to generate, at the end of times, the realization of the Project of Salvation.

This is how I come to ignite what is in your souls and that is reflected in your hearts, because it is the Will of the Almighty that all this is fulfilled to awaken the redemption of humanity and the defeat of the enemies.

It is this powerful Love that I offer to the world every day. Happy are those who are resurrected on this day through My Love, because it is the greatest healing and the greatest balm that I can bequeath to you.

It is this Love that will help to balance the scales of this world, while the doubts weigh in the consciousness of the human beings on surface, I come to liberate them through the Source of My Love. It is this same Love that I bring you today, the one that allowed My Resurrection and the possibility of enduring all the martyrdoms, whatever they be.

This is how I invite you to enter into this divine vibration, so that your minds may clear, so that your hearts may open and the true souls arise to serve the Almighty.

It is this Love that I bring you today, the one that cannot be dispelled in the world nor in the consciousness of humanity.

When you leave this Love which is able to do all, you will be out of My Project. But every day I will invite you to return to it, because it will be through your souls and your consciousnesses, it will be through all humanity that I can gestate the bases of My second Return.

Thus, awaken those who are asleep today before the Light of this powerful Love.

This Love that I bring you today, that is still very unknown, transcends all the obstacles, redeems all the faults, forgives all that is impossible and can unite each heart with the Will of God, which the world does not fulfill.

I come to anticipate the awakening of the New Christs, with a great transforming wave of purification, because after the terrestrial bases are moved and the storm passes, the sun will shine again, the inner sun that exists in each being.

Today, receive My powerful currents so that the structures be broken and the roots be torn out of

the soil, the soil of the consciousness. And thus, in the horizon of each inner universe, the light of the souls can finally appear, so that My redemptive Work may be carried out in all the sheep that today I am calling by name.

Tomorrow this Holy Week will end, in which I have put you through many planes of consciousness. It is important that you review all that I have told you, because the time of the great service will be very long and the disciples will be formed as all needs are being met.

By this I mean, My friends, that while you serve God until the end of your days, you will receive the sacred knowledge such as these Laws that I have brought you in these last days. New and unknown Laws to expand the human consciousness, so that it gets out of the superficial and ascends to the highest, as all the Kingdoms of Nature that are part of this perfect Creation must also ascend.

I invite you to enter into My Mercy so that at the end of this day you leave here being bearers of My Glory which I will expand throughout all the nations of the world.

It is a joy to find hearts that persevere in this group of souls that, in the last few days, came to My Encounter. This is a sign for God, that all of you, My pilgrims, will experience new things for all of those who will not be able to experience them, in different parts of the world.

I will give you inner strength to promote My Message in humanity. If you only trust what I ask of you, I repeat again, in six months you will not recognize yourselves because you will be impregnated by My Love, by an unknown inner strength that will move the structures from their place, removing the dust from humanity so that it may emanate the spirit, the divine essence in each one of you.

Know that you are doing this for the entire race. This is how I invite you to enter My apostolate, in the apostolate of the heart, to experience within your hearts My sacred Word and to express it in this terrestrial life, as a symbol of peace and redemption for the world.

Today you will once more be anointed and some of Mine, in a special way.

Why will you be anointed on this day of My Resurrection?

Your inner bodies will be healed, the sequelae will be corrected and the wounds will be healed by the powerful Anointing that comes from the Father, the Son and the Holy Spirit through those who impart it in My Name.

Rejoice companions because the end of your captivity is coming. And those who drown in the sea of despair will be removed from it. The storm of darkness will pass. The sun, the moon and the stars will shine and the cloudy waters will be calm, because the Lord, your God, the Master among masters, will put you inside His Boat to know new worlds, new horizons and to feel deep down, the divine Hope.

Although the world, at this time, generates wars and creates bombs, My Word will not pass, it will remain in the soul that opens to be able to commune with It and so, commune with God.

Legions of My Father, spread throughout the whole Earth and in all languages, raise your banners

of peace, because My Victory is near. The dark ones will be conquered, their own reign will swallow them. Woe to those who practice evil and take it forward to the innocent ones, as to all the Minor Kingdoms.

Be brave and persist. Many will leave their captivity in order to be able to cross My portal, the portal towards Peace, towards the achievement of Redemption.

Light the stars within your hearts now so that the Son of God may shine in all those who were marked by His Holy Name.

West and East will know those who will witness My Return, because they will also give their lives so that My Plan may be fulfilled on the surface, but know that I will not abandon you. When you feel alone, search for My Refuge. When you feel despair, call for My holy Peace. When you are in difficulties, invoke My holy Name, the holy Name of Adonai.

The Grace of the Father will descend upon your sincere hearts so that you may find the portal that will lead you to the Truth and Wisdom in the end.

Do not stop walking, even if you feel your feet are stuck. Do not stop donating yourselves, even if your arms and hands hurt. Do not cease to look with hope at the vast cosmos, the wise stars and the suns that also contemplate you. See the infinity of this universe, which was created by the hand of the Almighty. See the homes that await you and how your spirits and souls can rejoice in the infinity of the Lord.

Matter will no longer be imprisoned. I am preparing you to be able to be reborn. Therefore, the wave of purification comes with love and descends from Heaven as a powerful stream to free your old garments. Let the body be purified, because this way the souls will also be sanctified. Do not fear losing your will. The time has come, companions, for you to put it into the hands of Your King.

Thus, I will be able to be within you in perfection, divinity and Mercy. And so, I will be in the world that agonizes and I will be able to go within you and within your brothers and sisters, to the farthest corners of the world, to carry a word of relief and hope.

Let all be purged, because the Holy Spirit comes to aid those who accept it. Let all be removed from its place and I assure you, in truth I tell you, that you will be free of your oldest roots.

Adonai speaks through My Mouth and expresses His Will for all of those who listen to Him at this very moment.

Today you are anointed by My Spirit and My Divinity will bring you atonement, so that your souls resurrect spiritually.

See, at the feet of My Celestial Church, the Holy Ark guarded by the angels. This is the greatest love that I can hand you, giving to your hearts the treasures of Heaven, kept in the sacred mystery of the Holy Ark of God.

And finally I can arrive in Asia and Oceania, in a short time. You will have the mission to pray and prepare for the visit of Your Master and King to this part of the world before all is undone.

Do not worry about what the world is doing. Occupy your time with what the world does not do. Because among so few, I will reveal the Promised Land that is near.

On this day of glory and hallelujah, may Our Father be worshipped for His Infinite and Divine Mercy. May your voices sing. May your hearts open so that the angels bring liberation to the world.

So be it.
