DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SAO PAULO, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Unite your prayers with My supplications of light and let Me take care of all things.

Unite your aspirations with My plans of peace, thus you will realize how much there is to be done for this humanity.

Work with Me, and through My Heart with all those in need; through simple works, carry My divine Love to everyone.

Consolidate My twelve celestial attributes in your spirit and follow the Universal Mother along the pathways I indicate for souls.

Embrace charity and service as a legacy, thus you will see how many prodigies will happen through all those who give themselves to the rest and to My Heart.

With your hands, weave with Me the mantle of mercy, and through each act, restore what needs forgiveness and compassion.

Embrace charity and service as a legacy, thus you will see how many prodigies will happen through all those who give themselves to the rest and to My Heart.

Build you sacred temple in Me. May your life and your heart be the true oratory in these times, so that the lack of love is overcome and indifference is erased from the hearts that do not live God.

With your hands, weave with Me the mantle of mercy, and through each act, restore what needs forgiveness and compassion.

Do not fail to see around you the needs of your fellow humans, for My Beloved Son might be hidden within the suffering hearts.

Live My project of peace every day; that both in joy and in sorrow you see the Will of My Lord, and thus will learn to live your own cross not as a burden, but as the liberation from all error.

Trust, I am Your Mother. I do not abandon My little children, I pray next to you so that some day you do more humble things, just as My Son has done.

I love you and I pray for everyone in the Sacred Temple of the Heart of God.

Who blesses you in glory,

Your Mother Mary, Rose of Peace
