DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Prayer, a life of much prayer to God is needed by many of My children in this time. The Heavens are open to receive the pleas of all my children who pray with the complete sincerity of the heart.

Dear children,

Being the Mother of Reconciliation today I ask you to consider the life of the spirit, the loving expression of your souls so that God may reign among you.

My children, it is time to vigil and pray, as My Son Jesus has said and, in these times, the vigil of prayer will be of great importance for the entire spiritual life of the world. Dear children, you must be precursors of prayer, motivators of prayer so that souls may place themselves within the life of prayer.

Know, My children, the Divine Heaven gives thanks for the conscious intercession of a soul of this world each time it begins to pray. Dear children, I want to tell you that prayer is heard, not only in the whole world but also in the entire universe, from where the angels and the archangels assist souls.

Your life must be an inexhaustible fountain of prayer so that God the Father may use the selfless service of each one of you.

The more groups take on the task of praying for this world in need of Light, the more I, as the Merciful Mother, will be able to help you and thus, together, you will help Me to repair the hearts of many souls.

This is the time of Mercy, of Pity and of Redemption. This is the time of the last call to reflection and to the conversion of the heart. This is the time to place yourselves in perpetual prayer for all humanity.

All of you, My dear children, are called to pray for peace in each heart.

I thank you!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
