DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS????

For these times of transition between the old and the new human being, the original human being, you must know a divine universal attribute: the Ray of Omnipresence.

The Ray of Omnipresence is the one that allows the Consciousness of God to be alive and present within all things. The Ray of Omnipresence is the vehicle of God Himself in His Creation.

And why must you know it?

Because when humanity is very far from God and when the Divine Messengers are no longer among humanity as now, you will need to know that the Creator is in everything, and not just know it, but you will also have to experience and live this. In this way, you will never feel alone nor helpless, because the Ray of Omnipresence will be visible and palpable to the heart.

In order to know the Omnipresence of God, you must seek it from now on, and I will tell you how.

In the concentration of the mind, of the heart, of the soul and of the spirit, silence, and only be in the present, without thinking of the past or of the future. Feel the present moment, feel the elements of nature, such as the air for example, because regardless of where you are, the air will be present. Feel the air as the bearer of the Ray of Omnipresence and perceive that the same God fosters life by means of the air and animates the universes with it, within the center of the entire Creation.

Discover the Presence of God within the life that sustains you, inside of your own body, giving movement to the elements that compose the being. The God that inhabits the perfection of matter and conducts the functioning of an organism is the same one that inhabits the Cosmos, conducting the Plan to the different galaxies.

The Omnipresence of God is discovered when the same God is perceived in the small and in the great proportions of life.

The Creator is alive in all that was created by Him. Find Him within each one of you as in the center of the Creation. Find Him within your neighbor, as in all things. In this way, you will be able to feel guided, even when alone and, if in a moment of need you listen to Him, the God that is in everything will be able to lead you to the fulfillment of His Will.

The Divine Messengers speak directly to you and with such human words so that you may learn, someday, to speak with the language of the heart and to listen to the voice that is pronounced in the silence of your own inner world.

I love you and I lead you to the times of transition.

The Most Chaste Saint Joseph
