**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA,
TO THE VISIONARY SISTER LUCÍA DE JESÚS????**

Live with faith the times of overcoming yourselves while you are still in an environment of harmony and peace. Discover how your being reacts when it sees itself before the different obstacles which present themselves to you in this time, and learn to control your consciousness and to find peace.

Observe yourself and perceive what makes you transpose the limits and go beyond what you have imagined for yourself. Perceive the power of the Love of God in your interior, which calls you to the permanent overcoming.

Even if you are overcoming yourself each day, whenever you think you are at your limit, make it in peace and without losing the clear goal of your spirit. Do not let the difficulties make your eyes blurry, and your heart blind. Observe yourself with attention and learn to take each step in its time.

As well as you, many will be called to the transcendence of their own limitations, but few will be the ones prepared with anticipation for that. Live each day with much attention, observing yourself carefully and learning with yourself, because if you recognize your own mechanisms, you will be able to help others who have the same difficulties, but who may not have the same possibility of being in a peaceful environment at the time of their own purification.

All that you live today, all the opportunities which are given to you are there so that you can be formed as a server of God and become a companion of Christ, so that your example and your experience are useful for others. For this reason, make everything in favor of the others and you will be in the right path.

Build the fortress in your interior with the intention of supporting others; thus, without you noticing it, there will be a King living in this dwelling, because He will find it safe to make of it His refugee. This King will not only be yours, but also of the whole Universe, who is your Lord, Christ Jesus.

Who blesses you and protects you,

The Most Chaste Saint Joseph
