DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children of My Son,

Rest your lives and your hearts in My Maternal arms. Carry in your souls the loving unity with the Eternal God.

My children, today again I call you to prayer, because a world and a humanity without prayer is a reality without God.

Dear children, united to your hearts I invite you to strengthen the spirit and the exercise of prayer so that you may always find refuge in the Kingdom of the Father through the faith and the devotion to the Most High.

As Mother of humanity I ask that you unite your hearts through the praying exercise in the groups of prayer. Each group of prayer must not only be consecrated to My Immaculate Heart, but they must also radiate the Light and Love that they have received from the Heavens.

Each group of prayer must maintain the spirit of peace and the will to gather as souls that want to dialogue with God. The group must weave the network of peace between Heaven and Earth.

My children, you are servers consecrated to the Light of My Immaculate Heart. This is why I ask that in this defining time you be responsive to My requests and strong in the purpose of living day by day a consecrated life through the prayer of the heart.

All groups of prayer must be pillars of Christ, they must beat the universal rhythm of the Heart of My Son; they must always renovate themselves, inviting new hearts to participate in the life of prayer.

Dear children, in you is the possibility of allowing salvation to become a reality. In you is the love that will unite you to My Beloved Son.

I thank you!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
