**DAILY MESSAGE OF MARY, ROSE OF PEACE AND MOTHER OF THE REFUGEES,
TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY FRIAR ELÍAS DEL
SAGRADO CORAZÓN??**

Dear children,

Today I wish to ask you to pay attention to an important point in the humanitarian missions, about something that has produced special spiritual results between the missionaries of peace and the refugees. That is to say that in spite of the cultures, in spite of the languages or even the nations, an inner bridge of fraternity and love has positively been created in the middle of a crisis that does not seem to stop because it is so serious.

On the subject of fraternity and love, today I wish you all to pay attention and see how the inner ties between souls are established spontaneously when everything is real and humble.

It is at this stage of the mission where each one of the refugees that came under the humanitarian and spiritual care of the missionaries of peace is able to remember and recognize that love and peace still exist, and that it is not solely the war and darkness created by the adversary that endure. It is in this way, dear children, that this spiritual and intimate recognition of each child of the Middle East makes it possible for that part of humanity to not lose the hope to carry on.

Through the humanitarian mission in Turkey, not only the refugees but also the servers of the Turkish association are waking with the inner impulse that the missionaries of peace are giving through service, in listening to each refugee, and above all, through the fraternal love that is being expressed.

Today I reveal to you that between the missionaries of peace, the servers of Turkey, and the refugees from the Middle East will remain an inner and true tie of brotherhood that will help in the manifestation of the New Humanity.

These are the new patterns that the New Humanity will gestate in its consciousness after the whole planet has been purified.

Dear children, it is in this way that the inner work of the Hierarchy expanded spiritually, from the moment in which the missionaries of peace responded to the call of remaining more days at the service of the humanitarian needs in Turkey, and at the service of the refugees.

The wounded hearts must be heard, that is the important task that the missionaries have fulfilled under the guidance of the Celestial Mother.

I thank you for responding to My call!

Who unites you with the Heart of the Redeemer,

Your Mother Mary, Rose of Peace and Mother of Refugees
