DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE TOWNSHIP OF BARRA DO GARCAS, MATO GROSSO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN?

Dear children,

Your Mother of Kibeho is already working in the whole of the Congo through the missionaries of peace. For such a just and honorable cause, the Celestial Father is granting extraordinary Graces, which will then be deposited in the heart of all of My children of the Congo.

With joy and also in prayer, your Heavenly Mother is entering the spaces of sorrow and poverty so that, through the victorious prayer of all, the souls most lost may find the path back to the Heart of the Celestial Father.

In this time when humanity faces the acute crises of the end of times, you will find relief mainly through prayer, through faith, and through absolute trust in God.

The Congo is a land wounded by destruction, by mining takeovers, and outrages to the kingdoms of nature, the ones that always pay the price for the bad decisions made by humankind. As humanity does not see the destruction of Creation as something serious, Mother Nature herself is groaning so that at least a space may exist for relief and reparation. Thus, children, volcanoes explode and the nations move through earthquakes and catastrophes.

And where is the spirit of love of humanity?

For this reason, children, the Universe is causing Its Law to descend and there will not be anyone in this entire world who will not receive the effect of what they generated for years.

Children, live in My Grace and trust in it; it is a fountain of wonders and of miracles for souls.

In this era I need your cooperation and humanitarian help so that even with so few servers, dedicated and available, the Plan and the Planet may be saved. My Grace is not known; It is invincible and divine for all of those who search for It with heart and with love.

Keep on praying for My missionaries of peace; the time shortens and the emergency grows in the whole of humanity.

I thank you for responding to My call!

Who gathers you and unites you to love,

Your Mother Mary, Rose of Peace
