DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, TO THE VISIONARY SISTER LUCÍA DE JESÚS???

You have my blessing to serve, to always give the best of yourself to others, in favor of the planetary needs.

You have My blessing to pray with the heart, to learn with this mysterious act of love and of unity with God, in favor of the evolution of the planet.

You have My blessing to be among the Kingdoms of Nature, to shelter a life, a representative of these Kingdoms, in your heart, to work, thus, in favor of the balance of the universe.

You have My blessing to develop love and proclaim peace.

You have My blessing to sow joy and the good in souls and in the Kingdoms.

You have My blessing to be truthful, to tell the truth, to lose the fear of asking for forgiveness, and to live the reconciliation with God and with the neighbor.

When you work for the Plan of God, I am with you.

When you seek to forget yourself, I remember you and I take care of your heart.

When you seek to follow the example of My Son Jesus, I go behind you, blowing in your ear where you must go, in order for you not to lose yourself and not to make mistakes.

Child, when you are on the right path, I am with you.

When you are wrong, I pray for you, but I cannot work by your side.

When you ask Me for help, I will come.

When you become willing to change, I will be here.

While you are willing to listen to My words and follow what I tell you, I will speak to you.

The presence or the absence of God in your life depends only on you. The Creator is eager to fill the hearts of His creatures and make them return. You, child, only need to say "yes" and walk.

What I tell you is not a poem, it is a law. Live according to the principles of God and He, with all His Kingdom, will be with you.

He who teaches you to tread the paths of the spirit,

The Most Chaste Saint Joseph
