MESSAGE FOR THE APPARITION OF MARY, UNIVERSAL MOTHER, TRANSMITTED IN THE CITY OF CARACAS, VENEZUELA, TO MOTHER MARÍA SHIMANI DE MONTSERRAT

The art of loving and guarding the Plan of God

My dear children,

Today I come to you in love and reverence for your souls that try every day to remain faithful to My requests and united to My intentions.

Today I shelter you under My mantle of Light just as I protected the apostles of My Son after He rose to the Heavens. Just as in that time, today I want to instruct you on how those children of Mine learned the art of loving and guarding the Plan of God for this humanity.

First lesson.

Be always in gratitude for having received the Grace of participating consciously in the instructions of the Divine Messengers. This gratitude will keep you always united to Our Hearts.

Second lesson.

Be always attentive so that the minds with their thoughts manifest within evolutionary energies, sacred and reverent toward God, toward His whole Creation, and toward their own consciences. Strive to reject dissonant thoughts and contrary to the Law of God, to other people, and to yourselves.

Third lesson.

Take note that your emotions and sensations are guided toward and intended for pleasing God, our Lord, full of devotion for His Work and of healthy happiness for His designs. Do not allow sadness and hopelessness to embrace your hearts. See in everything you experience the purpose of forging in you the true children of the Most High, strong and brave for facing any situation.

Fourth Lesson

Keep your souls in the full prayer of the heart. Keep the verb, the thought, and the feeling that emanate from spirit in every word, in every spoken sentence, with concentration, love for God, and joy for belonging to His Plan and for having been summoned to perform a sacred task.

Fifth lesson.

Place spiritual strength, the one that has brought you here and that keeps you always available in faith, in each moment, in each prayer, in each service, to concretize the Will of the Father. Always attentive to serve His Purpose in each moment.

Sixth lesson.

Keep always in the heart the intention of pleasing God and keep watch so that your feeling, that deep one, be genuine and does not claim benefits for the self. Have everything be because of and for the Lord and His Work.

Seventh lesson.

Remain faithful and be authentic. Do not deceive yourselves and become involved in appearances; give always the best you have in each action, in each service, and in each prayer.

If all of you are clear on these lessons in your inner beings, and they guide profound actions, thoughts, and feelings, you will be guardians and custodians of the Will of God for this race.

And when you pray and keep vigil with the Divine Messengers, in complete spiritual joy for living in the obedience that the Angels of Heaven live, you will be free of spirit, apostles of love, peacemakers and servers of the Son of the Creator, the Redeemer.

Children of Mine from Venezuela and of the whole world, I invite you to be guardians and custodians of the Plan of God for the Earth, guardians of evolution, faithful servers of the Creator and His Divine Work.

Keep vigil with Me during all the times that will come, and you will see the plans of Peace in this world materialize.

I love you and I summon you to concretize the evolutionary step of this race.

Thank you for being with Me today.

Mary, your Mother, Universal Feminine Consciousness
