DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE LAKES OF THE VILLAGE OF DORNES, FERREIRA DO ZEZERE, SANTAREM, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

If My Son allowed Himself to die for you to be able to save you and for you to have eternal life, act and fact realized for love, why would you not forgive those who have betrayed you so many times?

Love is an act only for the ones heroic of heart, because this is the form to transcend the mistake, which is human and indifferent.

Therefore I invite you to love those who are indifferent, who omit themselves and are evil; pray for them because in them God is not completely realized and they are unhappy because they make so often the same mistakes without being able to liberate themselves from them.

The Christic love is gestated in transparency, in renunciation and in sacrifice for all those who are not transparent, for those who do not renounce and for those who do not sacrifice themselves and accommodate themselves according to their earthly expectations.

My Son still works for all of those because behind the hard rock there is a precious crystal that has not been found yet by their own consciousness.

Be in this life like Saint Paul, who having done all the evils of the world, touched by the Light of Christ converted himself into a faithful follower of Your Lord.

Above all indifference that you receive, do the goodness you cannot live and banish the evil of separation and omission from one another.

What will you gain?

Help the world to conquer its redemption; for this, first be this manifested redemption through a true transformation.

Your real aspiration must be surrender to afterwards live renunciation and at last humiliation for those who do not humiliate themselves for lack of conscious love.

Dear children, My Son drank this bitter sip of negation and, knowing that this was unfair, love came in first place.

As Our Lady of Piety I still have in My arms those who for several reasons distanced themselves from My Heart; in piety I contemplate and hope for your prompt rehabilitation.

Let us pray for those who lost the path for them to find again the light that used to lead them.

I thank you for responding to My call!

Who loves you,

Your Mother Mary, Rose of Peace
