MESSAGE FOR THE APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, TO THE VISIONARY SISTER LUCÍA DE JESÚS

In the beginning of all, the Creator aspired that all of His children came to know the truth and understood the essence of His Love, the reason of why He had multiplied Himself.

The only reason of the existence of all things is the Love of God, that in a moment was so great that It could not fit in Himself, which made Him multiply in Three, while still being One. And, while still being One, He multiplied Himself in many more.

The mystery of Love is that it multiplies and gives Itself, while still belonging to the same Source. The one who loves participates in the multiplication of God and in the essence of Creation; the one who truly loves, loves with the Love of the Father and gives It to everyone, making this Divine presence infinite and at the same time unique.

The time will come when the words will give place to the knowledge of the heart, because the Divine Word is vibration and not just series of letters that form ideas, concepts and try to fit in it something that is inexplicable and understandable at the same time.

In the beginning of the human school, the beings of Earth attracted, from previous experiences, the ray of the science of God because at that moment they needed the Divine knowledge in order to evolve as a race and as a consciousness. However, humanity has limited the divine science with the concrete walls of its mind, and much of what the Creator tried to reveal got stuck in the human impossibility of receiving the impulses of God.

It was in this way that the knowledge stopped on the limitation of the human mind, and that which was infinite and sublime got limited as much as humankind, which was stuck in its matter and far from its spirit.

In this way, children, the truth has never been revealed to you, because, even though you believed you had knowledge, you have always tried to place in the human understanding a knowledge and a truth that infinitely transcend this understanding.

The ones who could contemplate or glimpse a bit of this truth have remained in silence, because they knew it could not fit in the human concepts; as I told you, the Divine Word is vibration and not words.

It is for this reason that the history of the Universe, of the Cosmos, of Creation, is written on the Mirrors and not on sheets of paper.

To understand the truth that I bring to you, you must enter in the inner universe and read on the mirrors of the heart what I transmit to you.

Many believed that the fact that I approached to this planet meant a retrogression in the evolutionary life, and, in truth, children, arrogance and human ignorance have not let you understand that I have

come to put you on the right path of evolution; I have come to activate the mirrors of your hearts and teach you, rather than to think, to feel and live the teaching.

It is through My presence that you can reach the essence of the heart and understand there, without explanations, the divine mysteries.

Now that prayer has already opened the doors of your hearts and consciousness, the time has come to understand these mysteries that I have announced to you so much. I only ask you not to make the same mistakes of the past, trying to understand and scientifically explain what I will tell you. This is the age of Love and no longer of science, because science has brought you here so that now you will enter in other levels of evolution and will be able to manifest the divine will.

If you keep trying to guide yourselves by impulses or teachings of the past, you will lose the opportunity to live the new and to be transformed by the sources that this current cycle brings to you from the universe.

Listen to what I tell you, My children, lightening the mirror of the heart and not the mind. In the mirror of the heart, there is silence and wisdom and it is in this way that you must receive the new keys of these times.

The Creator wishes to approach you to the truth about your origin, not only for you to have knowledge, but so that this information may approach you to the Divine Life and you may find the path to return.

May the Truth and the magnitude of the Cosmos reveal to you the truth and the magnitude about yourselves because it is time to recognize the likeness with God - that is spiritual and essential - so that in this way will you bear the times that will come, sustained by the truth, and manifest the Plan of the Creator on Earth.

I love you and thank you for listening to Me with the mirror of the heart.

Your Mother Mary, Rose of Peace
