DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF BELO HORIZONTE, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

From Heaven I am able to hear the cry of My children of Belo Horizonte and from the world, and the Universal Father rejoices because His beloved children inwardly recognize the Mercy of the Redeemer.

In this way, the doors to spiritual Grace open with each prayer that is pronounced in the deep sincerity of the heart.

The entire Spiritual Universe contemplates, in this moment, the precious event of seeing souls thirsty for the Love of Christ and invoking His powerful name as savior.

The soul of each of those who pray rejoices, and deep healing is established in them and in the planetary consciousness.

After the last 8th of August, the times have definitely changed, and what before seemed to be in danger in this entire race, through definition, through surrender, through prayer, and through union with the Evolutionary Plan, everything becomes possible to be fulfilled in the consciousness of many.

The perseverance of the brave souls encourages My Son so that He, in His Blessed Glory, may return to this world.

The suns that were before going out because of planetary inertia or because of chaos, have lighted up again, and have finally found the path to My Son.

All of this activates the Heart of the Father that before, being in silence, was teaching the Universe His mysterious Will.

The invocation of hearts for the powerful flame of the Mercy of My Son has caused the angels of the Universe to again descend to gather up the supplications of sincere hearts.

A flaming and mysterious fire is lighting the evolutionary spirit of nations and changing the catastrophic destinies that entire populations would experience because of their own actions; this converts all of America into a new Eden.

In this way, the Sacred Hearts of Jesus, of Mary, and of Saint Joseph send souls the last preparatory impulses for the new times, which will be different from the times of yore.

A new path is established in the human consciousness; the veils of blindness and of ignorance are removed from the majority, and a hope that was dead before, is reborn like the bird of fire.

My Graces illuminate all these opportunities and today the soldiers of Christ alleviate My suffering Heart.

Because of this and for all that is yet to come,

I thank you for responding to My call!

Who is united with each prayerful heart,

Your Mother Mary, Rose of Peace
