**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

**To the choirs of the Meeting of Music for the Healing and the Upliftment of Humanity:**

Dear children,

May your voices never tire of proclaiming the truth of the Infinity of God.

May that constant quest for the upliftment of consciousness be each day more firm and sacred.

May the building of the bridges of light between Heaven and Earth become visible to all humanity.

Children, do not be afraid of proclaiming the truth of the Cosmos and of all Creation; the world must know that it has not been able to see the celestial reality for having been asleep for a long time.

Because of this, with your voices raised on High, lift up the offering of today to Heaven so that those who resist believing in this supreme truth may open their hearts through the music and thus find peace.

Through the last meetings of music, the planetary consciousness has been much helped. May this offering of attracting the Sublime Universes always be your objective, so that in this way, all the angels may help you transmute the mental consciousness of the planet, and that of all the Kingdoms of Nature.

Dear children, through the offering of today may all hearts grasp the message and the convocation of the Universe; may this inner call that your voices emit to all souls reverberate beyond your group, and may it touch the lost hearts and all the religions, so that at last all unite in a single brotherhood of love and unity.

The times are urgent; for this reason, the meeting of music must be considered as a unique monthly opportunity where all the choirs that I have summoned to help with this task on the 23rd of each month will be able, with the voice of the heart, to plead for the Plan of God on Earth, so that it may be accomplished beyond every religion or every belief.

My message for this day is that no one forget, and that all be aware that this meeting of music is a request of the Celestial Hierarchy to help to balance and to order what happens today in the world and in all of humanity.

This monthly meeting is an invitation for everyone to come into contact with the elevated music and with the universal peace that it produces, for example, through instruments.

May each heart, as well as each society or culture, also be able to express in this important meeting of music, the goal of which is to unifying hearts and bring fellowship to consciousnesses in the name of love and the common good.

Dear children, I leave you this invitation, that that every 23rd many souls be united with the divine impulse that this meeting of music brings to all.

For all the efforts that are made so that this is possible,

I thank you for responding to My call!

Who sings with the voice of the heart with you,

Your Mother Mary, Rose of Peace
