DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SAO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

The triumph of My Heart is near at hand and all will see it.

On the threshold of the great mission to Central America and Mexico, your Holy Mother prepares Herself to enter the locale of this region and thus to be able to alleviate it in its millennial pain.

The triumph of My Heart is close and all will see it.

Thus, dear children, on this day of preparation, I invite you all to place yourselves under My mantle so that, united to Me, you may see and feel inwardly the whole protection of the Cosmos.

On this day, the triumph of My Heart is being prepared and it will take many by surprise.

Dear children, your Heavenly Mother will also accompany the humanitarian mission for Venezuela, and in the month of November the bases will be installed for this task that is just beginning and that is supported by the Celestial Hierarchy.

In this sense, dear children, at the door of the upcoming events, your Heavenly Mother invites you to continue with faith and love in the face of all the need that you will find.

The most important thing to Me, children, will be the relief of the suffering through all the love that you can express to the marginalized and the immigrants.

I want your hearts to beat with love, just as My Heart beats for joy at seeing that both missions are being carried out.

As you will see, this is the Will of the Celestial Father with the goal that the whole of humanity and the planet may be benefitted and may awaken to the moment of their redemption.

I wish My legionaries and representatives of peace to go on these missions.

Remember this, because it will be important that through an aligned and correct attitude the expansion of My work beyond the Americas be strengthened.

I thank you for responding to My call.

With you and in you,

Your Mother Mary, Rose of Peace
