DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF MEXICO, MEXICO, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

The reason for expanding this sacred mission throughout the world is to embrace and meet the spiritual needs that some nations are experiencing in these times; humanitarian and social situations that must maintain balance so that peace not be lost.

It is in this way that My intention of reaching the United States, even if just one state, is an ardent and divine aspiration because, there, many children live there deep sleep of these times, and, most of all, they do not find the real God, but rather the god of material life and of modernity.

Through this pilgrimage that we have carried out up to now, dear children, I wish with all My Heart and Soul that the United States may not lose the little spirituality that it has left.

It is for this purpose that, through the Lady of Guadalupe, I will enter with all My legions of angels into the United States so that the most important spiritual part of this country, which is the region of Mount Shasta, may not be erased from the mental or spiritual consciousness of the North Americans.

On another occasion, and through other apparitions, I announced Myself in New York to warn the North American people that if they did not change, their destiny would be one of unhappiness.

Today, with all the fruits achieved through the love of the Central Americans, your Heavenly Mother, in this inexplicable spiritual respite, will enter the State of California, specifically the city of San Francisco so that from there a social and human collapse may be avoided.

It will be from San Francisco where Our Sacred Hearts will finish this sacred mission and from where everything will be fulfilled.

As from now, and in confidence, I will thank all the pilgrims of the world that will allow Me to reach the United States through their prayers and donations.

In this way, the borders between the nations and the peoples will not be closed, and, at least among the simplest children of North America, bridges will exist that will unite that which the surface humankind wants to separate.

As of now, I thank you for accompanying Me.

Who blesses you on this mission,

Your Mother Mary, Rose of Peace
