### **DAILY MESSAGE OF MARIE, ROSE OF PEACE, TRANSMITTED IN THE CITY OF DE MEXICO, MEXICO, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

With the trust deserved by God, dear children, today I bring you to Mexico the Divine Compassion so that It will touch the hearts of the most in need of inner healing and peace.

Opening the doors to the Love of God, I place each one of your little hearts in the Source of Unity so that you and the world will strengthen yourselves in it and in this way the world indifference will end soon.

It is therefore that as your Mother of Guadalupe I bring you today the Primordial Source for you to recognize it as a filiation within you.

Dear children, with the joy that brings Me here today to Mexico City, I show you how it is possible in spite of everything to fulfill the Will of God, and thus establish the principle of peace that does not exist in many hearts.

By showing you all My Immaculate Heart, today I leave you the possibility to be reborn every day in God and thus live in His Love so that your faith will be unwavering.

My children, I give you thanks for all the efforts performed and I ask you to trust in My Holy Spirit because It will always be for you the source of manifestation of the Work of the Highest.

I thank you all for following Me in this sacred mission.

Who blesses you under the Spirit of Peace,

Your Mother Mary, Rose of Peace
