**DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS**

My dears:

If you live every day in My Eternal Reconciliation, among your hearts you will recognize My Sacred Heart of Love. If you aspire to be in My Spirit you will know where to walk because My Light will guide you even through paths distant from Me.

My companions today I show you that all of you can live in My Glorious Pity and Redemption because as Soul and as Heart I recognize your limitations and aspirations. For this do not lower your arms, allow that with your arms open My Heart may irradiate to your essences in order to be able to purify you and form you as the new and awaited Christs of the new time.

The new Christs are the ones who most fail me but who in the end recognize me. The new Christs are the ones who serve me, even without transcending their limitations. The new Christs are the ones who least transform themselves but at the moment of the encounter with Me, My Heart invades them.

The new Christs are the ones who still are not prepared, they are the ones who are the most immature because those who serve me the most, those who surrender themselves the most, those who empty themselves the most and are more humble and forgetful of themselves, these are My servers, the ones who will prepare the earth so that the new harvest may arrive, the new presence of the Christs.

I ask you nothing else than to be faithful to My Cause and to My Will because this will allow you to consecrate your hearts to My Eternal Essence. If you still are in your own inner desert, walk! Walk towards Me! Even in the dusk because My Mercy will guide each of your steps.

I hope that you will surrender yourselves completely to My Heart. I await this moment to be able to love you and strengthen you in the mission that My Father entrusted you. The desert of life empties the consciousness and allows, in the reflection, to strengthen the love in the essence. Remember that you are My Christic essences; you are My disciples of the new age of redemption.

Under the Love of God be blessed.

Thank you for guarding My Heart in your hearts!

Christ Jesus.

At the end of the message Christ started to say to us: "Go in Peace, go in Peace" and it was at this moment that He dictated to us the following prayer:

**Go in My Peace**

Go in My Peace, that the Lord strengthens you.

Go in My Peace, that the Shepherd leads you.

Go in My Peace, that the Lord accompanies you.

Go in My Peace, that My Heart safeguards you.

Go in My Peace, that My Mercy forgives you.

Go in My Peace, that the Lord takes care of your faith.

Go in My Peace, because the Lord loves you and knows you.

Go in My Peace, because you will be in the Peace of God  
and you will be the fruit of Peace for your brothers and sisters.

Remember to be in My Peace,  
because My Divinity will guide you for eternity.

Go in My Peace, My companions!

Amen.
