DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SAO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

I surrender My Heart for you to contemplate it.

I surrender My eyes for them to illuminate your paths.

I surrender My Life for the life of each one of you.

I surrender My Soul to intercede for the souls of each one of you, and I do not get tired doing it, because above all I love you as you really are and I do not love you neither for your appearance nor for your mistakes.

I have mercy for all those who ask for it to God and thus I can make each life a redeemed instrument in the Hands of God.

Therefore, I even surrender My Spirit and all My Divine Consciousness in a humble donation, to be able to teach My children that in love and for the divine Love all is possible.

Do not get tired until you live in the Fountain of this Love that restores everything, liberates everything, that forgives and transmutes everything.

I surrender My Divine Being for it to be the portal of the non-redeemed, for the seed of unity and of love among creatures to be born in you.

This is My mission in this world.

I thank you for responding to My call.

Who blesses and absolves you by the Holy Spirit,

Your Mother Mary, Rose of Peace
