DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

The next Pilgrimage for Peace on the European continent will be considered the new seedbed of the light, because through the great field of inner instruction, souls with a higher degree of resistance will find the portal where they may cross over towards a new level of consciousness.

Thus, this next pilgrimage will be the sower of new seeds of instruction in the field of the European consciousness, in order that souls not only awaken to the reencounter with God, but also feel themselves motivated to be a part of the Islands of Salvation that are being raised within the European continent, and in this way, all of the European consciousness may take a step towards a life of service, leaving behind the superficiality of things.

I want My children who will collaborate in the manifestation of this next pilgrimage to know that they will have the possibility of amply contributing in the process of the Plan of Salvation of My Son.

The foundations of the Campaign for Peace on the European continent will motivate consciousnesses to awaken to the collaboration with and to the materialization of this divine Purpose for Europe.

This is the reason for which said pilgrimage will begin in Portugal, so that all the impulses that will be received may favor and help the greatest number of consciousnesses that, in these times, will be returning to the paths that they had in the past left behind, paths which lead to the Heavenly Brotherhood.

I thank you for materializing My plans of Peace in the world.

Who blesses you,

Your Mother, Mary Rose of Peace
