DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SÃO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

Each prayer pronounced with love is like a flower that opens itself in My garden. It is a Grace that can be shed upon some consciousness of this planet.

So, each time that one prays with the heart, new Graces and affluents of Mercy rise to be shed upon some situation of the planet. See, therefore, the importance of both a life of prayer and of union with God.

No matter how difficult something may seem, prayer has the power of changing the destiny, following the principles of the Celestial Laws.

Prayer can straighten and correct what is deviated or even what is not clear.

Prayer is the hope of the meek and the burning fire of the peacemakers. It is the form each soul has to communicate with God and to convert each moment of prayer in an opportunity to be in communion with the Highest, as well as to make flourish in My maternal garden, many, but many more Graces.

Prayer is the food that should never lack to the spirit and the water of life that the soul should always have.

Prayer is the portal that will lead you to peace and to awakening.

It is the greatest medicine to heal any spiritual necessity.

I thank you for responding to My call.

Who blesses you,

Your Mother Mary, Rose of Peace
