DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE TRIP FROM THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO PORTO ALEGRE, RIO GRANDE DO SUL, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children:

The official declaration is hereby made that the Work of Peace of the Divine Messengers, in an ecumenical, autonomous, and fraternal way, will provide its humanitarian services to the different peoples and nations of the world for the purpose of spiritually establishing a longer period of peace.

It is thus that the missionaries of Fraternidade and those consecrated from the Order of My Son, as from the impulse given by international organizations, are assembled, gathered together, and twinned in the two bases that will be permanently established in the north of Brazil.

This means, dear children, that for your Heavenly Mother, the permanent mission of Greece will be temporarily closed and will be taken over by the representatives and members of the Network-of-Light of Europe.

Regarding the mission of permanent service at the periphery of the Community-of-Light of Figueira, it will also be temporarily closed, and will be taken over under My call by the Light Network of Minas Gerais and São Paulo.

Therefore, under the Will of Our Father, all principal and information missionaries will be transferred to the north of Brazil in order to respond to the request made by international organizations, which seek peace, justice, and equity among races and peoples.

In this sense, the Spiritual Hierarchy is calling all of the planetary Network-of-Light to undertake the humanitarian service, the objective of which is that the principal and consecrated servants who belong to the Communities-of-Light and reside in them be able to extensively develop a fraternal service in the quest for establishing healing, redemption, and love in the souls that, because of conflicts, wars, and disorder among nations, have lost the essence of faith and of love.

It is important to emphasize that the spiritual shield of protection of the missionaries and those consecrated who will undertake the operative phase of service in the international organizations under the principle of fraternity, will have as an inner foundation the presence of the Sacred Hearts. But under no circumstance or reason will some religious or spiritual principle be disseminated, since the cause of the current conflicts comes from the social and humanitarian misunderstandings among the religions.

In this new phase of taking up world tasks and of those of a universal order, the Fraternidade will only seek the good and the benefit for fellow human beings, so that values and human rights may be recovered.

We will be guiding this new phase step by step, which will have the consciousness of all those who serve sacrifice many things in their lives so that a worse situation than already exists may not be

precipitated in South America.

I thank you for responding to this operation of world rescue for peace and the good of the world.

Who blesses you,

Your Mother Mary, Rose of Peace
