MESSAGE FOR THE VIGIL PRAYER IN THE MARIAN CENTER OF AURORA, URUGUAY, TRANSMITTED BY THE BLESSED VIRGIN MARY TO SISTER LUCÍA

My children:

Today My Immaculate Heart wants to make a special request to your hearts.

In the last days there was a deep darkness in the world and many souls chose not to enter into the Kingdom of Heaven, but to plunge into the depths of darkness and suffering through the ignorance in which My children of the entire world live.

I come to request the intervention of your hearts so that through true prayer done with love the souls may receive a ray of the Light of My Heart that may help them to awaken from the dream in which they live.

Pray My children, because the doors of the House of God are open to receive those who are able to arrive there. But the doors of the house of the false god are also open and the enemy waits for all My little children who have their eyes veiled and who cannot see the true Light that wants to guide them.

Pray so that they may see My light. And pray so that those that are among you do not plunge into this ignorance. Because the world calls you and many decide to follow the world and not My Heart.

Pray with fervor and light up your hearts so that the flame of the capital desires do not overcome the flame of prayer and the Peace that I gave to you in these last years.

My Heart does not tire to be with My children. My Peace is poured as an infinite source upon the world. But there are those who, being in ignorance, prefer to follow the enemy. They do not know the greatness of My Kingdom. And it will be through a living example from the devoted hearts of My children that the world will awaken.

For this I ask you to pray, to confess with souls and with the spirit that communes daily with My Son. Because in this way, little by little, the transformation will arrive to your hearts and one day, by surprise, you will look backwards and not encounter any trace from what you were just a little time ago.

Prayer, My children, is not only to be given to Me but also to convert your hearts. To illuminate each hidden space of the consciousness of My children, and thus you will live the true transformation. Because the Spirit of God may work through your hearts and through your example.

Be strong and persistent because great will be in Heaven the reward for those who overcome their own selves on Earth.

May the Grace of God work in your hearts.

Mary, Mother of the Divine Conception of the Trinity.
