DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE TRIP FROM BUENOS AIRES TO MAR DEL PLATA, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

## Dear child:

Let the voice of the heart come from the depths of the soul, so that you may always recognize the Grace of being united with God.

The voice of the heart is peaceful, it is the fire that comes from the spirit, which repairs all things.

Allow, My child, the voice of the heart to always emerge from you, so that in this way, the communion with God is established between you and the Universe.

Live every day through the voice of the heart so that from cycle to cycle you learn to overcome your fears and all uncertainties.

Allow, My child, the voice of your heart to guide you in seeking the pure and the real, so that you can always find again the sure path that will lead you towards the Arms of My Beloved Son.

May the voice of the heart be able to show you the new steps towards an encounter with the innermost spirit of each being.

May the voice of the heart awaken in My children so that the wounded world may be healed!

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
