DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

I Am the Eternal and Sublime Heat of the Heart that gives shelter to your soul and to your little heart.

I Am the Fire that warms up with merciful love your heart, renovating it in faith and in hope.

I Am the Light that brightens the paths with repairing Graces for the lonely and forgotten souls.

I Am the Eternal Sun of the Universe that radiates rays of transfiguration to the sleeping hearts.

I Am the ignited Flame that illuminates in redemption all of the dark spaces of the hearts, liberating them from all evil or pain.

I Am for you whatever you allow Me to be because I only hope for each day to transform into light your heart and to awaken your consciousness to My Great Redeemer Consciousness.

As Light I am present in your inner and I open My Arms during the hour of Mercy to purify and heal your difficulties. I know you very well and I know through My Father what you are now for the universe.

May those awaken who are asleep in the illusion and may those who are blind and deaf of heart see, because the moment of the coming of the Universal King is approaching.

Always guard a space for My Heart because in this way I will be able to be all of the time amongst you. Courage for those who have chosen and who will choose to follow My Path of Light and of Transfiguration.

Under the Grace of God, be blessed.

Thank you for guarding the light of My words in the heart!

Christ Jesus.
