SPECIAL MESSAGE OF CHRIST JESUS, TRANSMITTED TO MOTHER SHIMANI

At each step taken by each one of My Companions I, as Son of God the All Powerful, conquer many souls, those that through My Redeemer Love find the path of Reconciliation with My Eternal Father.

Today I want that you open to Me the door of your consciousnesses to be able to enter and, through each one of you, to arrive to more souls, above all those which lose themselves in the midst of illusion.

I want that those who already let Me inhabit their inner worlds follow Me in all, without fear, without vacillating, because it is in them that I am depositing the inner strength that will give the sign so that other children of My Flock may be encouraged to walk with Me through the paths of this world.

I need those who do not aspire to anything else but to live of My Love in this Celestial Fire that My Father ignited in Me and that burns eternally in the Universe.

I want that you learn to serve this Fire that redeems, that forgives, that transcends all of the barriers of the minds and finds real space inside of the essences of humans.

I want that you burn in this Fire that is My Fire of Love which comes from My Father.

I do not offer you tranquility, only the infinite and glorious security of My Love.

I do not offer you a future, only the eternal present to eternally serve together with Me the Universe and the Plan of My Father.

I offer you sacrifice, renunciation, surrender, so that in this way you may help Me to save this, our humanity.

I only offer you My Eternal Love, My Love of the Master, of the Elder Brother, of the Friend, of the Companion in this sidereal task.

Here I am, present before all of you so that you may feel Me, so that you may surrender to Me what you are, so that you may follow Me for all Eternity.

I believe in you because I love you and I call today those who want to be My Companions.

I wait for you in My Sacred Heart.

Thank you for listening to My Words and to guard them in the heart.

Your Master, Christ Jesus.
