**DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS**

When lives are on the edge of the abyss, crossing the dark night, I present Myself as Light and the absolute and safe exit for each being. I come to the encounter of those who decline from various plights on the spiritual path.

My Mercy comes to the world to rescue them from the path of mistakes and of blindness so that they may awaken aspects of life, manifested in a consciousness that has decided to follow Me.

But faith and constancy to be with Me will be, in these unpredictable times of the world, what will define if a soul will be consecrated in spirit to My Heart or if it will live the life that the world offers to it through illusions and fantasies.

The path towards the Light is as straight as a staircase that ascends towards the High. In My Pathway does not exist two paths to get to Me. The soul, during the course of life has the opportunity of recognizing My evolutionary Path and, from then on, to define whether it will follow the Shepherd or its own king.

I am giving to all the same opportunity that I gave during the time of My Passion. The world is at the point of its own game and of its spiritual definition for the Divine or for the worldly. My Heart shelters all of the offers of the souls, but some have told Me from the beginning that in these times they would be with Me to fulfill the purpose of Redemption and of the conversion of the consciousnesses.

For this a boat will not move without the help of the oars. It is necessary to understand the point in which you find your little consciousnesses. I radiate to you My Peace and My Light to strengthen them.

It is time to define with which king you wish to remain: with the Eternal King of the Universe or with the king created by the world?

For this My Spirit comes to liberate souls and to show them the path towards the Lord. Trust in My Mercy.

Under the Love of the Father, be blessed.

Thank you for understanding My words with the heart!

Christ Jesus.
