DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Renew yourself every day in the fount of peace and of prayer that comes from God. Do not let your being miss the change of cycles due to being distracted and imprisoned by previous cycles. Life in this time has a dynamic and firm rhythm and to accompany it, it is necessary to be in prayer and in peace.

Prayer will make you vigilant so that you may act with wisdom when necessary.

Prayer will bring peace when the events of the world erase hope from the hearts of many beings who did not know God.

Prayer will renew your strength and your commitment to the Father when fear and indifference emerge from your human bones.

Prayer will bring you to God and will guide your path of return to the Heart of the Father, even when He seems far from you.

Prayer protects. Prayer shelters. Prayer unifies. Prayer transforms.

Pray, child, and never forget to pray.

Your Father and Friend,

The Most Chaste Saint Joseph
