Apparition of Christ Jesus during the 61st Marathon of Divine Mercy, in the Marian Center of Aurora, Paysandú, Uruguay, to the visionary Friar Elías del Sagrado Corazón de Jesús

In the house of My Father there are many dwellings; all were created for each one of His children.

Each one has the dwelling belonging to them; one day they will return to it with all they have learned and lived; that is why it is time to keep memory of everything that the being experiences on Earth, everything that comes from the Universe and from God.

It is time to get rid of the suffering and the agony, because in the Dwelling of My Father will enter all your wonderful learning, everything that you have lived here in My Name.

Everything that you do and experience here is concomitantly written in the Universe.

Each decision that you make in your lives, also has an impact in the Universe.

Each step that you are encouraged to take for Me is something that also has an impact in the Universe.

This is also what allows the Plan to be realized on Earth and is what makes that which God so wants to manifest for His children to descend from the Universe.

Today I come to remind you of the importance of this Dwelling of God, because you must preserve it and protect it from everything that will happen in the coming times.

If you still do not know that you have a place in the Universe, know today that you have it. That place will allow to recreate Creation, toward that place will go all knowledge lived and experienced.

For this reason, you must persist, because in the Dwelling of My Father all the good that you have learned, not only in this life, but also in other times, will be kept.

I want each being of this planet to know that the experience does not end here, nor on this material plane.

The infinite awaits you so that you may live new things, go through new experiences.

All that you sow in this time will be harvested in the future. That is why you must know well what you do and what you live, so that the treasures of My Father are not wasted.

The time has come for becoming aware of all the riches of Heaven and how many times they descend to Earth and try to unite with souls, so that they may live new experiences of love and of redemption.

All that you cultivate in this time will have an impact in the immediate future.

It is not necessary, companions, that I give you examples, because you have already seen them with your own eyes.

Those who cultivate bad things on My Earth will always come out losing, because Love is Wisdom and Wisdom is the Love of God.

Where His Son is, God is, and if you are in Me, truly, you will be able to be in the Father. The Laws are always fulfilled equally for all.

Each one knows what in truth they must do in this time. All that I need is that you always sow good things, because this will not only help you, but also the world.

Humanity has forgotten, to cultivate true attributes, for having distanced itself.

Humanity has become perverted and has deviated, that is why I come from the immaterial Source of My Father to remind you about the sacred attributes which are essential to live in this cycle.

It will be those attributes, like Laws of Light, that will protect you from yourselves and from others.

The time has come to unmask the wolves that are disguised as sheep.

But it will not be necessary for anybody to do, the Law itself will demonstrate it, as it has demonstrated in this last cycle.

Faithfulness to Me is not a passing thing. Neither is obedience a passing thing.

What I ask of you is permanent, true and immutable.

Therefore, if your paths are well seeded, you will cultivate good fruit, it does not matter that your lands are miserable, dry, arid, or empty. Through the Fount of My Love, everything is possible for your lives only when you are sincere with Me.

Today I need you to take that step toward a definite Truth because thus you will be able to be more brotherly, you will be able to live in more fraternity and be considerate with the fellow being.

The attributes of which I speak to you are not of this planet, nor of this universe, although there are other humanities that know them.

The attributes come from My Father and from His immaterial Source and this renews all things for those who truly want to live them.

Because through My Fire I bring you the illumination of your cells and atoms, so that in the deepest of your beings you may learn to live in the Brotherhood through the attributes that I bring you for this time.

That is why I repeat to you again that your first attribute is to love as I love you, and to love the other as you love God, in an immeasurable and infinite way.

If you have not yet achieved this attribute, keep on trying every day: forge in yourselves an unconditional love that goes beyond your miseries and your tests, beyond all the limitations and all the obstacles, and so you will be able to be New Christs that represent their Lord here on Earth.

I no longer want to see a spiritually miserable humanity.

Some of you must achieve much more than I achieved on the Cross and in the Passion.

You must and you can surpass Me in love.

No longer wait to be able to do it; live it with an unconditional effort every day; thus, your hearts will be similar to Mine, even though you do not believe it.

If I descended to Earth and was human and transmuted the human condition, what will the creatures of My Father be able to do, more than what I once did, being direct and intimate children of His immaterial Source?

You do not yet know your virtues, you only know your capabilities. But I come as the Lord of the Universe for each one of your capabilities to transform them, someday, into sacred virtues.

You must only surrender everything to me. Each one according to their time, even though there is no longer time.

It is time to surrender everything to Me and to trust in what I have foreseen for you.

The moment has come to close a cycle and to begin a new one.

Everything that you were not able to live before, you will not be able to live in this new cycle.

Encourage yourselves to unveil the mysteries of the universe with the expansion of the love in your consciousnesses.

Because to the humble will be revealed the Mysteries of God and from the arrogant and the prideful will be taken all the powers they think they have in a personal and human form.

The Law is again fulfilled and again written.

I come to teach you the path of redemption through love; this is what will make your dwellings fruitful and eternal.

And it will not be necessary to live in this world, nor in another what you have already lived, because you will have learned it as a life lesson and a lesson in humility.

I want your hearts to become peaceful, to be small, just as I was small in the arms of My Mother; in this way, the Project will not be lost, because it will not be in the hands of the arrogant, but rather in the heart of those that are humble themselves before God every day and who truly do penance, transforming all things, overcoming all times, vivifying the Sacred Spirit of the Lord.

Only the humble will enter into the Kingdom of the Heavens.

Only the peacemakers will know the Kingdom of God.

All of them will never return again to the Earth, because they will know new dwellings and will remain in them to advance in their evolution and in the awakening of their spirits and a new Earth will begin with christic beings.

The law of suffering will be forgotten, and pain will no longer be remembered.

Love will reign and peace will be abundant in those who were unconditional with the Lord in spite of their miseries and their tests.

I need you to be clean of heart, not only at this moment, but also for the coming times.

I need you to be in ample resignation and in strict obedience, so that you may come to know other mysteries of the Universe that will not try to glorify your spirits, but rather make them more humble, more humble than I once was, as in the simple manger of Bethlehem.

Thus, companions, you will be able to love what you have never loved, forgive what you would never manage to forgive, because you will be in another state and in another vibration.

Thus, you will help those who most need and those who have nothing, spiritually speaking.

I will thus be able to withdraw and say that My task with you and with the world has been fulfilled.

I will thus be able to prepare to return without shifting My Consciousness so much through this Universe.

But I will never abandon you. Who is with Me will never feel abandoned.

Who is with Me will never lack love because they will have understood the mysterious Will of God, that from time to time tries to be written in the heart of men.

Empty yourselves before the Lord of the Universe so that I may place the new in you and withdraw the old from your consciousnesses.

Today you have offered Me a marvelous day through your songs and prayers; that is what gives Me the impulse, that moves Me to come back here all of the time, to be at the side of those who truly hear Me and activate, in themselves, My Words one by one.

From the Solar Source I have come, from the Spiritual Universe I have descended, from the House of My Father I have arrived, to bring you what you need today with all of My Love; so that you may remember, companions, that I will always renew you so that thus the mandate of God may be fulfilled; that you love one another, just as I have loved you and continue to love you.

That is the deepest mystery of Creation.

Love will make your abode luminous and your spirits clean.

Let us celebrate this moment with complete confidence. Let us thank God for all that has been received and let us rejoice in His Heart so that His Word may be fulfilled in the People of God.

May the mystery of this existence be revealed.

*Father, send the Breath of Your Spirit
to those who are still sustained in You.*

*Send the Fire of Your Love
to transform all things.*

*Send the balm of Your Peace
to appease hearts.*

*Send, through Me, Your Mercy
so that creatures may know
the great happiness of being in You,
forever.*

Amen.

Today, spiritually, I will not only consecrate new adorers, but also those who will adore Me someday, as those who have adored Me until now.

Remember, companions, that there is a dwelling place of light for each one of the children of God, and that dwelling place waits to find you and receive you, so that in it may be kept the greatest experience of His Love on Earth, so that the angels of the Universe may elevate that experience to the Father, in order to re-create this Creation.

My word is like living water and comes to quench the thirst of those who are disturbed, of those who suffer, of those who for some time have been in their desert, asking God for a Grace and an opportunity.

Today I offer you the Word of Life like living water for your souls, so that the balm of the Love of the Lord may unify consciousnesses and banish the enemies, so that the Plan may triumph. Amen.

Today I will deign to consecrate these elements with special gratitude, so that the fruits of My Spirit in the souls may also reverberate in the sacred dwelling that you will come to know some day.

For this reason, I wish to hear "Your Word is Living Water", so that your souls may be worked upon at this moment by the essence of the Divine Sacraments.

Incense.

For those who are able to, we will stand.

Water.

Song: Your Word is Living Water.

Here is kept one of the greatest treasures of the Dwellings of God.

Blessed will be those who avail themselves of it to feel the Universe of God in their hearts while they are here on Earth.

That is why I offer you My Body as a symbol of reparation and of healing for souls.

I also offer you My Blood as a symbol of purification and of renewal for all the spirits of the planet.

This is the Body and the Blood of Christ, which gives you Eternal Life.

Here is the symbol of those who unite with Me through the offering of each new adoration; in them is built the Temple of God, which one day will become immaterial and eternal and will be especially kept in the dwelling that God has destined for each being.

Receive this symbol of adoration, as an act of gratitude on My part, and a renewing blessing for your souls.

I now want the adorers here, who will be consecrated today.

*Most Holy Trinity,
that descends through the Divine Son,
unify these consciousnesses with the Eternal Father,
unify these consciousnesses with the Divine Son,
unify these consciousnesses with the Sacred Spirit,
so that in their essences may be established
the realization of the Plan of God
and the perpetual triumph of the Love of God,
forever.
Amen.*

In the name of the Father, the Son, and the Holy Spirit. Amen.

*My God,
I believe in You, I adore you,
I wait for You and I love you,
and I ask pardon for those who do not believe in You,
do not wait for You and do not love You.*

Amen. (x3)

And now that My Mission is accomplished in you, I expect it is already reverberating through the times, by means of your adoration, your prayers, and your acts of love, so that the evil in humanity may be removed from this world, so that the Kingdom of God may be established in each human heart, and many, many more may know peace.

I bless you, in the name of the Father, the Son, and the Holy Spirit.

I thank you for this day and for the day that will come tomorrow, in My Name, fraternally give each other the greeting of peace.

I thank you.
