DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

See, child, the world starts to enter a new cycle, a new time, and the heart of the Earth will no longer beat to its own rhythm but rather to the rhythm of the Heart of God.

See that your heart also starts to beat in a different way. The impulses that come to your soul are no longer the same; the light intensifies, its rays illuminate or blind, according to what there is inside of the beings.

See, child, that the layers that separate the planet from the universal reality begin to dissolve. The seasons will not be the same any longer, the air will not be the same and everything inside and outside of humanity begins to transform.

This is not a time to fear but rather to awaken. A time to deepen into your inner life and recognize that which brought you here; a time to look inside and recognize oneself, and then recognize the infinite; a time not to think, but to be.

See, child, each step of yours today defines your history and part of the history of this world. You have in your hands a pen that writes in the book of the history of human evolution, through your acts, feelings and thoughts.

Allow your mind, always so childish, to understand the reality of these times as they are. No longer see the spiritual life as if you were watching a film that will end at some moment, and then you will return to your ordinary life, because the Laws will no longer allow you to see evolution in that way.

It is time to discover. This is a cycle of revelations and, more than that, a cycle of internal and planetary definitions.

After traveling for so long through this path of mistakes and corrections, of deviations and renewals, the time has come to concretize the divine thought. This will happen with those who know how to say "yes" until the end, overcoming their retrograde conditions every day, sublimating with the light of the spirit that which is reluctant to change and wants to remain in the cycles that have already passed.

Meditate on what I tell you.

Your Father and Friend,

The Most Chaste Saint Joseph
