DAILY MESSAGE OF CHRIST JESUS, ACCOMPANIED BY THE MOST CHASTE HEART OF SAINT JOSEPH, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

My dears:

Today I invite you remember the perfect union that there was in the past among the Sacred Family so that through this example your inner beings may be able to reach the sacred.

For your best understanding, I will tell you what are the fruits that the Sacred Family achieved through the daily living in Nazareth. In each one of us were awakened the gifts of the Spirit of God, which were those that were at the constant service of humanity, even when we used to live upon the face of the Earth. These gifts of the Spirit of God awakened in the Sacred Family the following mysteries:

In the Virgin Mary were awakened: the gift of Prayer to realize the plans of God; the gift of Maternity to shelter all of the children of God; the Gift of Humility to reaffirm Her most pure surrender to God; and the gift of Virginité to radiate pure love of God.

In My Father Saint Joseph were awaked: the gift of Chastity to conserve the designs of God; the gift of the Good Worker to manifest the Will of the Father; the gift of Silence to construct the new in the inner planes and the gift of Joy to heal the sick.

These gifts made themselves also evident in the spirit of the little Child Jesus as for example: the gift of the Word to transmit the Love of God; the gift of Redemption to convert those who were distant from God; the gift of Retreat to interiorize the plans of God; the gift of the Heart to radiate the Spirit of God and the gift of Meditation to carry forward the ideas of the Universal Father.

The gifts of the Sacred Family were always a mystery for many but they generated, through the three Sacred Hearts of the Holy Family, a deep change in the consciousness of humanity, in this way leading it to conversion and to redemption.

For this today pray and meditate upon the powers of the gifts that are radiated from the Heart of God. In this way you will help to consecrate again the humanity in need.

Under the Love of the Father, be blessed.

Thank you for living the gifts of God!

Christ Jesus.
