**Daily Message received in the Marian Center of Aurora, Paysandu, Uruguay, transmitted by the Glorified Christ Jesus to the visionary Friar Elías del Sagrado Corazón de Jesús**

Sometimes souls lose their union with Me because they lose faith in everything I have envisioned for them, which results in the life and experience of suffering.

For this reason, the basic key lies in the surrender of souls to the Heart of the Redeemer because in this surrender souls have the possibility of transcending control and power over things.

On the contrary, when souls do not truly live this surrender, for different reasons, they are submerged in the currents of the world and become vulnerable, without the protection or shelter of the divine energy.

This happens because souls do not have enough security and impulse to allow themselves to be transformed by something higher and unknown to their roots.

The bridge of surrender will allow the soul to always benefit, it will allow everything to be overcome and transcended. The soul must just give permission to be able to do this.

I thank you for keeping My words in your heart!

Who blesses you,

Your Master, Christ Jesus
