Daily Message received in the Marian Center of Aurora, Paysandu, Uruguay, transmitted by Mary, Rose of Peace, to the visionary Friar Elías del Sagrado Corazón de Jesús

The direct path to mature and grow in degrees of love is to offer oneself completely, in the giving of self and in surrender, for someone or something that is absolutely wrong.

And so, when love is put before all error or all purification, the miserable or indebted soul is benefited, in some plane of consciousness, even though the facts or decisions may be different.

In this sense, the act of living and of achieving great steps in degrees of love is based on generosity, surrender, on an unconditional giving of self and, above all, on the love that can be expressed through acts of forgiveness and Mercy.

In this time, and in the face of the acute cycle of purification, only love will be capable of closing great uncertain doors, of freeing consciences from their errors and, above all, will be capable of establishing peace.

Within love lies the master key to open spaces toward new cycles.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
