DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

It does not matter how much your hearts have failed the Love of God. My Heart contemplates the faults of the world and, by means of the constant prayers that My voice emanates from the Heavens, I can fill the Earth with Graces to repair the faults of all souls of the world.

For this reason, dear children, more than repairing the Great Heart of the Heavens, all of you are called, through prayer, to convert yourselves into little sparks of My Immaculate Heart so that you may live My Peace, and so that you may imitate My Peace. The Lord expects from each one of your hearts purity, giving and love, so that these principles may embrace the greatest number of souls that need peace and love.

For this reason, dear children, today I invite you to live in the perseverance of the heart. There the faith of all souls will be able to become stronger, and prayer will be pronounced with truth. In the path of faith, you will find the balm of the Love that My Son gives to you through the daily communion with His Sacred Heart. In permanent prayer and daily communion, many of the negative actions committed in the world are repaired in the moment of the inner encounter of each soul with Christ.

Dear children, also the unity among your hearts will allow the times of peace among the souls of the world to be established. Through this path of peace that I invite you to travel, the hearts that seek courage to continue in life and on the path of unity with God will be calmed with love.

I wait for you on the path of unity with My Immaculate Heart. I love you. I contemplate you. Have courage to live the change of the kind heart towards God.

Let us pray and work in peace and for peace.

Mary, Mother of the Divine Conception of the Trinity
