DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN BOGOTÁ, COLOMBIA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

The Laws of Nature and of the Earth will be modified, because as they are not respected nor loved by humanity, they have undergone a polarization of their original form and, instead of being laws that assist in the correction of humankind of the surface, for all the serious things that the human race has done over the course of time, these laws have become a form of self-punishment for the planet.

This is the reason for so much adversity, even within nature, for great elementals and devas have been affected by the constant transgressions of humanity.

For this reason, the laws themselves have become a form of severe punishment against the human race through climate alterations, the severity of sea contamination, as well as the great natural areas devastated and exploited by the human beings themselves.

Everything must be redeemed and transmuted. The laws must be re-polarized so that, on a spiritual level, they may achieve the state that originally always corresponded to them.

It is time for the human being to take on the responsibility and the consequences of what they have generated and cease to blame God or that which is High.

It is time to repent from the heart so that the path of perversion and of chaos that today's human being experiences may be liberated through love and forgiveness.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
