WEEKLY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN MENDOZA, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

From the highest point of the Universe, on the plane of the spirit, today your Heavenly Mother is holding Her hands toward the planet so that the Light of Grace may completely fill it, and all that was created upon it may receive this extraordinary Grace of God, so that consciences may participate in the spiritual redemption of these times.

In the same way, the nations of South America are today filled by the Light of the Love that emerges like a flame from the Heart of the Divine Mother, so that those who govern the nations not only be deserving of Divine Mercy, but that they may also be illuminated by wisdom and discernment so that they can make coherent and beneficial decisions for the peoples, and that a healthy justice may harmonize and pacify the hearts that experience conflicts.

It is thus that the planet is today filled, from the plane of the spirit, by a special Light that comes from the most pure Fount of God, so that all may have the Grace of being redeemed and rescued; and the expansion of this special Light will occur through the prayers of all the children that unite their word, mind and heart with the Divine Consciousness of the Heavenly Mother, for in this way, the armies of Peace will bring to Earth all the help that, in this cycle, is urgent and necessary.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
