DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

I radiate My Immaculate Peace to all the missionaries of prayer, and especially to My children that in this final time have made a long path of service under the Plan of the Lord.

My dear ones,

United in the reparative prayer the new networks of Light are interwoven, which will be able to reach all My children that are distant from My Heart. For this reason, the groups of prayer consecrated to My Immaculate Heart will be essences that will shine for Me in the cold of night.

For this I am preparing you in a vigil of prayer. The only path that will lead you to Me is the true essence of prayer; it will help dissolve the mental and psychic maladjustments that many of My children suffer today.

Each moment of prayer is like the opening, by means of the sincere voice, of a door to the Heavens, and thus the Great Universe of compassion can descend in this final time. It is necessary to strengthen the wise hope; in this way, My little ones, your hearts will be guided by My Light and by My Love.

Who loves you and guides you,

Mary, Mother of the Divine Conception of the Trinity
