DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

As the southern hemisphere of the planet begins to feel the beta solar rays, in the northern hemisphere one of the strongest polar waves in history can be felt.

The planet shows its acute physical and climactic transition; which will come in this new year of 2020, and both people as well as communities must prepare for a movement of great change in the climate.

In this sense, all this unexpected movement of the Solar System, where your planet is, brings different consequences and also diverse repercussions on a spiritual, mental and inner level.

With this, I wish to express to you that the movement of the beta solar rays will bring an unexpected advancement in the process of purification of humanity. That is to say, an acceleration, not only in global warming, but also in the process of personal purification of consciousnesses, which means to face unknown situations.

All this is because of the descent of the beta rays, which are direct emanations of the magnetic heart of the Sun that governs them in this system of physical life.

Thus, the first step will be to keep the consciousness on what is High so as to not enter the planetary field of dissociation.

As from this cycle on, humanity will endure what it did not change in time. This is the reason for carrying out an immediate preparation.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
