MESSAGE FOR THE SPECIAL APPARITION IN THE CITY OF BELO HORIZONTE, MINAS GERAIS, BRAZIL, TRANSMITTED BY THE MOST HOLY MOTHER AND QUEEN OF PEACE TO THE VISIONARY SISTER LUCÍA

My beloveds,

I come in Heart, in Spirit and in Divine Essence to announce the last time of Redemption for Earth.

I return occasionally to the world to give new opportunities to those who, over the centuries, have preferred to continue in deep sleep instead of awakening to the life of the spirit.

Today My Heart comes as bearer of the Spirit of God and of the Divine Will to place in each heart and in each consciousness the awakened purpose, the Will of God for each one of His creatures.

My beloveds, as Mother and Queen of Peace I come to sow in the world a project of Life and of Redemption so that a divine and supreme life may bloom in the heart of humans, a divine and supreme life, a life of Love idealized by the Creator of all things.

But so that this purpose is manifested even those who are considered awake must convert their lives, because in this path of eternal and infinite transformation there will always be something guarded in the interior to be converted and redeemed.

Today I announce to the world the possibility of a new life, a life that is gestated in each heart, and that matures in one's own interior before it is manifested in matter.

Many, over the centuries, have tried to manifest in matter a spiritual and sacred life, but they have forgotten that before everything this life must be mature in the inner essence of the being.

For this, the Divine Messengers of God arrive in this planetary moment, that announce the happenings of the world, and announce the Will of God so that through His word, His silence and His simple presence, they may transform the inner world of creatures.

My beloveds, if today the new life seems to you something distant it is because you still need to make it mature in your own inner world. The signs of a life that matures is the vision of the impossible and of the unreachable, as something totally within reach of your hearts.

For an essence that is awake the impossible stops existing, because the awakening makes it contemplate the greatness of God and of His Universes, and before the Magnificence of Creation nothing is impossible to them.

For this today I say to you that, in prayer, do not contemplate the world as your eyes can see it, but rather, contemplate it as your essences can idealize it. In this way, through the intention and through creative thought you will find the Divine Archetype and will help God in the manifestation of this Archetype in the material life.

My beloved and little children, great is the mystery guarded in the Celestial Universe, but if you trust My words and feed the pure intention of living them, you will be able to perceive in your

hearts and, through this love, you will be prepared for the glorious Return of My Son and for the new life with Him on this Sacred Land.

I thank today each one of My children of Belo Horizonte because once more you have opened the doors of the heart so that My presence may come to redeem the world.

Through the devotion of your hearts, God finds breath and Peace; He finds the possibility of pouring His Mercy HHhover the world.

I bless you.

Mary, Mother and Queen of Peace
