**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN REDWOOD, CALIFORNIA, UNITED STATES, TO THE VISIONARY SISTER LUCÍA DE JESÚS**

From time to time, the Words and impulses of God are renewed, even though at His core they may be the same principles that seek to lead humanity to an expression of Divine Will and Thought.

Since the era of the Patriarchs, and long before them, God had already spoke to humankind, corrected their paths and guided their steps so that, according to the human understanding of each period, beings would be able to experience the attributes of surrender, yielding, charity, love and all the Gifts that, at the origin of human existence, the Holy Spirit manifested within the essence of each being.

When humankind was in need of justice, God spoke to them with justice.

When they had need of wisdom, God spoke to them with the wisdom and the science of the Spirit.

When they had need of peace, God spoke to them with peace and transmitted the peace of His Kingdom.

When humankind was completely lost and only a step away from disappearing as a race and as a Divine Project, God sent them His Son to break the veils of illusion and open the eyes of beings to that which their true purpose is.

Today, children, humanity needs to experience a synthesis of all that it has learned through the errors and successes of its evolution.

For this reason, God comes to you and speaks to you with pity and with justice, with silence and with science, with love and with Mercy, bringing your spirits into awakening, to righteousness, to maturity and to surrender, because within you are all the impulses that, as humanity, you received over the course of time.

And today, each divine word comes to make you remember and to place you in a position never achieved before by humanity, because it is time to redeem the old and live the new.

Thus, listen to each Word of God and receive each impulse of His. The history of humanity is rewritten every day through your lives.

In spite of all the difficulties, know how to say "yes" and, in this way, everything will be accomplished.

You have My blessing for this.

The Most Chaste Saint Joseph
