DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

The time has come to prepare hearts for the living of a spiritual, inner and human synthesis.

In this cycle, many inexplicable memories will emerge in the consciousness as a way of being healed.

It is the cycle in which love has already begun to gain space within beings and they are now able to face that which must be healed and forgiven, and they choose to do this through love.

It is through this inner healing that your fears are defeated and give way to the Love of God in your hearts; Love that must grow and expand in order to be renewed and multiplied.

Thus, children, in this cycle of revelations, allow a synthesis to take place within you. Let that which happened and shaped the growth of your consciences, which is not like a stone closing your paths but rather a base that elevates your spirits, take its correct place within your hearts.

The last definitive cycle of humanity will seek within human beings nothing more than hearts permeated with such great love that there is no room for darkness, fear nor doubts.

Let the synthesis take place within you. Give thanks for what happened, allow yourselves to be transformed by the present and let the future simply remain in the Divine Mind.

May your spiritual treasure be the fulfillment of the Will of God. And if you cannot find it, serve, love, more and more each day, and you will discover that it is in a simple way that the Plan of God is built.

Obey and you will know that your spirits express themselves when your personalities are shaped. There will be no greater inner freedom than that which was defeated through obedience, service, humility and love.

For this reason, be free, so that this new cycle may find you ready to be dwelling places, not of yourselves, but of God.

You have My blessing for this.

The Most Chaste Saint Joseph
