DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED during the journey from the city of Niagara on the Lake to Montreal, CANADA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

As the three-dimensional consciousness accesses the truth of the knowledge kept in the Greater Universe, the consciousness much more greatly begins to perceive the vastness of the human condition, which each being of this planet will need to transmute and transcend.

This will place the consciousness before the moment of choosing the path it will decide to follow, be it evolutionary or involutory.

All of this is something dual, but by becoming aware of all the individual realities and affirming one's faith, the human being is capable of launching into what is true, what feeds their spirit with spiritual values and that which, one day, will change them into a good person.

This moment of definition is called inner and spiritual transition, but it is not the only one. Other stages will come, and these stages will again place the consciousness before the moment of deciding again on their own life.

Those who have the destiny of following the path of God will always receive the impulse to fulfill it above all difficulties and personal situations.

The determination itself allows the server of Christ to be a consciousness determined to detach from all that which ties it to the past.

Prayer will always be the key that will close uncertain doors and also bring the impulse toward constant elevation.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
