SPECIAL MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Even if you fall before Me many times, My child, I will not cease to recognize you, for I know that, beyond every mistake and every test, your heart wants to be close to Mine, and I recognize and appreciate that very much, so that the soul may feel the reason for surrendering their life to Me.

Stay by My side and you will see that everything will be transformed from time to time.

You must remember your miseries so that vainglory does not enter your life.

Feeling imperfect or moribund is a state of consciousness that leads you to remember of God and beseech Him.

He expects His children to be converted in order to represent and recognize Him as their Creator, so that Grace may exist in life, and that inexhaustible source may continue to transform the human consciousness.

This is the time to recognize the truth within oneself and to participate of the demanding changes of these times, so that the soldiers of the last times may awaken in humanity.

I thank you for keeping My aspirations in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
