APPARITION OF CHRIST JESUS IN MONTEVIDEO, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN, DURING THE 17TH MARATHON OF DIVINE MERCY

And now that you have understood what I told you yesterday, receive My Heart in Light and in Glory, and do not separate My Heart from your hearts. Fulfill the promise of being with Me forever.

Friar Elías del Sagrado Corazón:

Let us repeat:

Sacred Heart of Jesus,

Source of Love and of Truth,

receive our consciences in Your Kingdom.

Amen.

(three times)

With these simple words, you will be giving God permission for your souls to be rescued through God's Firstborn Son, in the end of times, so that, when I return in Glory to this world, souls can recognize Me, as many of you knew Me in the past.

Thus, on this afternoon of Mercy and Pity, I bring you My Presence; I bring you the remembrance of having been with Me in other times, sharing the Supper with the Lord, the favorite Communion with the Greater Universe.

Once again, I bring your consciousness the opportunity to remember all these things, of being able to relive the passages you have lived with Me, because all I wish is that your lives be close to My Heart and no longer be scourges for Me, but rather sources of love and of truth, as is My merciful Heart for you.

Through this day of merciful prayer, I was able to deeply come to know your inner beings, visit your inner worlds, your greater spirits, and repair many things through the simple practice of prayer. Perhaps you will not notice this great change, but let a little time go by so as to be able to understand what I tell you today.

My Words are not just simple words. Through them, I bring the Light of God to the world. I was conceived to be the Spokesperson of the universe and I will continue to be so until I can return to the world. And while that does not happen, I come with the hope of preparing your inner worlds so as to be able to dispel the shadows and the darkness, those energies that envelop your lives all the time when you simply stop looking at Me for a moment.

I observe you all the time, My companions. Imagine how much I observe the whole of humanity. Through My brothers and sisters on the path, I move past all lives, waiting for yet another soul to awaken and prepare this flock of apostles that will give testimony of My Return to the world.

When the false lies about My Appearance come up in humanity, I will not confuse anybody. My love is unmistakable, because I Am the emanation of a feeling of Love, of a pure and healthy word that brings you the Will of God, as energy and as Presence, for those who simply say 'yes' to Me.

When I told you yesterday that you have the great task of unity, this is not something so simple. You have to work with your inner beings so that My Consciousness can permanently reign. And when I am present among you all and in all, I will be able to carry out My Works of salvation for Uruguay.

Do not stop praying for the priests and for all those who strive to live My Path in the four corners of the Earth, because it is necessary, My children, that the brave be able to bear the great tribulation.

When the time comes for the great division of humanity, your hearts must already be resplendent and the dark stains must no longer exist, those which sometimes permeate your hearts, blind your eyes and take away your faith.

Thus, unite with Me at this time, while the Mercy of My Heart is poured out upon the world. I only hope to fulfill what God asks of Me for this era. So, too, hope the Divine Messengers and all the Creator Fathers, who, in Their Love, hold an awareness for the best idea for this planet, the greatest purpose for this world, the infinite objective for humanity.

While you comprehend and understand all these matters with the love of your heart, receive My Words in your essences. These are no longer times to experience normal things nor to have brilliant ideas. I am showing you a Path of Light that is very little accepted, that is very forgotten, because souls are involved in other things. The things of the world are stronger and take you from the path of spirituality.

But when you are aware of being able to recognize My Words and My Petition, be willing to wholly transform. Allow My Angels to tear your old garments so that the true being that dwells within you, the high self that is very unknown to humanity, may emerge; for humanity strongly lives the terrestrial life, is involved with the things of the world and forgets to look at the sky, contemplate the stars, feel itself to be part of the universe. All the universes are waiting for your 'yes.'

Thus, up to where We are allowed, the Divine Messengers will travel and do pilgrimages, giving the Message, the warning, the call to attention to humanity, because the great change of this race is drawing closer and you will not be able to say you did not know. I already announced it 2,000 years ago. John described it in the Apocalypse.

The words are being revealed to the world through the facts and the events that take place today, in this XXI century, of profound changes in which souls do not know where to go.

I invite you to become a part of My Fount of Mercy; in this way, you will be able to think of My Heart all the time, and your own reasons will disappear from your minds so that the Will of God may dwell in your consciousnesses.

When I call on you to follow a single path, I announce to you My companions, and I invite you to deeply seek My Heart all the time, to not think of anything but My Heart, so that your lives may be guided correctly and you not miss the path of redemption that is being offered to you.

This is the last word that is being said to the world. Thus, be attentive, vigilant, present in this moment, so that My Codes of Light do not dissipate from your beings and you do not fall again into the normal things of this world because of a lack of love and unity.

In these difficult times, I invite you to seek Heaven, to aspire to find the star of your origin. Let each one live their true mission, no matter what it is, simply following My Steps so as to not be confused and think that you are living a mission just as God wishes.

Thus, He sends Me to represent His universal Voice so that you not be confused and truly hear what I am saying to you. My Words are moving through this Earth, but where will they remain? I seek receptacles for My sacred Words, dwellers of My Mercy that are able to disseminate My Message of Light and of Peace for this race that is being lost.

Meditate on what I tell you.

Many have questions to ask of Me, but I will respond to them over the course of time through the signs of Light that I will give everybody, which will demonstrate what My desire is for all.

Africa is preparing to receive us. I invite you on this afternoon to be carriers and collaborators of this Work, because it will be important in this end time to seek the spirit of reconciliation with the Africans, the redemption and the healing that there must be between the souls of America and of Africa.

I also wish, My companions, that Europe be present on this mission. If you do it thus, many conversions will occur. Your hearts will be released of faults through the service of being and sharing with all My children of Africa, who wait for you and need you in these difficult moments.

So I invite you to be carriers of My Peace, that you may discover, through this sacred mission, how many things I have done through you by means of prayer of the heart.

I will baptize you again with My Spirit of Life, so that you may always be aware of My existence in every place, in the simple and humble hearts that seek God with much love.

Friar Elías del Sagrado Corazón:

Jesus asks us to pray while He consecrates the elements for the Baptism, the Foot-washing, and the Communion. From His Heart, He invites all the connected brothers and sisters to do the same, wash your feet and commune with His Body and His Blood. That you place these sacred Sacraments close to His Presence so that He may bless them as He did in the past.

Jesus asks Me to repeat the following prayer once, and then that we repeat it all together several times.

Sacred Heart of Jesus,

*Source of Love and of Truth,
receive our consciousness into Your Kingdom.*

Amen.

(three times)

Uruguay has received a timeless Grace that must remain beating in your hearts so that it may overcome barriers, convert hearts, lift up the fallen, raise the unredeemed again, and thus the Plan of God may be accomplished.

May this timeless Grace that I give you be able to remain in your lives and you be consistent with this Grace. In your hands will be the permanence of this Grace or its disappearance.

My Heart gives you a star of Light of the universe.

Friar Elías del Sagrado Corazón:

For the consecration of the elements, at the request of Our Lord, we will sing the Our Father in Aramaic. At this moment, He asks that all the connected Grace Mercy Order carry out the same exercise.

Sung prayer: Our Father (in Aramaic).

Let the Lord receive this sacrifice into His Hands so that His Name be praised and glorified by the whole universe, and His Source of Love and of Unity be able to help all souls to achieve transfiguration, the path of redemption.

I am present here, contemplating Uruguay and the world. My Heart is the Aurora that shines in your lives. Seek this essence, the Christic essence of Love, so that your fears disappear and the faith prevail that will carry you into eternal life.

Amid this universal sky that surrounds Me, I consecrate you in the name of the Father, the Son and the Holy Spirit. Amen.

Be a source of Love and of Truth. Thus you will make Me glad.

Friar Elías del Sagrado Corazón:

For His elevation, Jesus wants us to sing "Primordial Source" and that we remember the glorious Ascension of Christ, which we will also experience in this moment.
