**APPARITION OF CHRIST JESUS IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY,
TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Today I do not come from the desert, but from a place in the Universe, to contemplate My warriors, those who say they live in My Divine Mercy.

Finally, I have arrived here at this part of the planet to excise from the bosom of this Humanity and from some souls that which corrodes the spiritual life.

When facing the power of hell, your hearts must not fear. If My Government is present and alive in your hearts, the Plan of My Father will triumph.

The earth may tremble, abysses may open, beasts may emerge, but the angels of the Lord, who serve all souls, will come to your aid to banish everything that generates impurity in humankind. They will bring from the Universe and from the Heavenly Universes the Gifts and the Graces of God so that the souls may convert and participate in this defining Plan that begins to pulse in My new apostles.

When I am present, companions, there is no evil that can resist.

Remember that I suffered for you, endured for you, surrendered My Life for you, shed My Blood for you, to generate Liberation throughout the times.

Through the Merits of My Divine Mercy, believe that it is possible to transcend the abysses of the Earth, and through My Sacred Presence, by means of My Unfathomable Heart of Light, to close the doors to evil so that the souls may resurrect spiritually, liberated from their bonds, from the chains of involution, so that the real soul can emerge, the divine essence created by God that came to fulfill a part of the great Universal Purpose.

Today I have come here with My great Consciousness of Light.

After a long time, I approach you with My whole Being, so that your bodies do not tremble, but your hearts may warm up in My Divine Spirit.

All the angels that form part of My legions of Light congregate when I am present to transmit to you the message of salvation and redemption.

When the King of the Universe is present, the doors of the Kingdom of God are open and all the Heavenly Hierarchies gather as one Brotherhood, to impel the self-summoned to live the end of times with a brave and courageous spirit, with the spirit of a true warrior who does not battle with the sword to harm, but who works with their heart to radiate My Love to the world.

The Love of God that can live in you all the time will make you invincible, you will endure contrary currents that will come to My apostles to prepare them for the great final moment, when the great fallen angel will experience his judgment before the Presence of the Son of God, the Supreme Father, the Holy Spirit, the Archangel Gabriel and the Most Holy Mother of the World.

As time goes by, as the end of times approaches and the hour of judgment draws near, the most impure demons tremble, seeing the Light of Christ shine on all the children of God determined to take steps in My glorious Holy Name, to defeat the evil currents and materialize the Plan of God on the surface of the planet.

Each month, when I approach you, your hearts must be more conscious, your minds must be united to Mine, so that nothing, and no one, can separate you from Me.

I offer you My powerful Heart that is the emblem of the true sword of Light that flames in the Universe to institute, in all Creation, the Love and Unity that will never separate the creatures from God, in spite of any contrary current that comes to hurt you or disturb you. Know, dear companions, that the doors of Armageddon are already open.

Work every day, not only to elevate your consciousnesses but also to redeem each aspect of your beings and to help your fellow beings to abandon the chains of evil, to redeem themselves, to transcend, to reach love and to make My Heart triumph in each being of this world.

Be My apostles of the end of times, be this unique spirit that works for the Plan of God in the name of the Firstborn Son and the Heavenly Mother.

Do not tire of working for this Work of God that descends upon Aurora, and upon each human heart so that it may be a participant of the coming Kingdom of God, after the transition of the Earth.

Cross the threshold of this transition without fear, even though the attacks are strong, and the battles tiring.

Believe, dear companions, that My Merciful and Luminous Heart will dazzle you, it will be the light for the world, it will be the burning flame that will light the path of each one of you during the times of great darkness.

And even though on the surface of the planet the forces of evil may have possession of many hearts, I have many, many creatures who are My servers, tireless, who are by My side, following My Steps in the name of sacrifice and humility, in the name of reparation for all the outrages committed.

In all of them is My Temperance, My Fire, My Light, My tireless Love that can radiate to the world through the spirits who say "yes" to the Voice of the Great Master.

While I speak to you, companions, My Voice exorcises all things, closes all uncertain doors and brings the Kingdom of God to the surface of a sick planet, so that the hearts may be able to connect every day with the Purpose of God, which is written in the souls from the beginning of creation until the end of times.

You, together with Me, form part of a new history that is written in the Heart of the Father, a redeeming history, a history of peace and love that is known again by each one of My apostles.

Do not try to modify the times; everything will pass, but My Words will remain.

When I am no longer here, giving you the impulse of My Heart, you must experience in your lives all the impulses that I have poured out, throughout the last times, in each prayer marathon, in each monthly encounter with Me.

The soul that has profited from all the Graces poured out from My most pure Heart, from My meek Spirit, will be safe during the end time and will have the shield, the sword and the helmet to prepare for the battle.

Thus I form the armies, armies of humility, free of pride, of all arrogance; spirits in freedom who know how to find peace when chaos is present in the world.

Do not forget, companions, the Universal Laws, which I entrust you to study so that nothing may surprise you ahead of time, and thus you will know how to prepare your fellow beings when everything unleashes in the world.

The great and last knot of the resistant consciousness of humanity will be untied by your King. And when this happens, everything will develop as it was written by My beloved apostle John.

Live the Apocalypse in awareness, unveil the mysteries through the signs that come by means of the Divine Messengers.

See around you each movement of the planet and do not be indifferent, because if you are indifferent, you will be isolated from the Truth and will not have the knowledge to be able to discern things.

Live the Wisdom that is poured out by the instructors that My Father has entrusted to you. Know how to recognize in humility the Love that exists in them.

Separate yourselves from appearances, live one brotherhood, because this brotherhood, companions, will build the true castle that will support the whole battle.

But if you are firm in Love and Unity, there will be nothing to defeat it, to tear it down, because your hearts will be in the Light, in the Unity, in the Mercy of God, codes that evil does not know in these times and has never known.

Live duality, not as a conflict, be intelligent and know how to endure the currents that come from the Universe.

Our hands are extended, not only to remove you from the desert, but to separate you from the abyss that opens on the surface of this world, swallowing many innocent souls.

Be merciful. In the small details of life, imitate Our Hearts that are already sacred to you and that come to your encounter to bring you the Light of God, the Hope.

Now see, companions, with your consciousnesses of Light.

Feel, with your hearts, how everything has become peaceful. For wherever God's Love is, nothing opposite exists, only the Truth exists, which fills the hearts so they can vivify, in spirit, the Presence of the Sublime Father.

Feel how the angels help to restore all things, bringing the Grace of God to the hearts that are open to receive it profoundly in their essences.

Lastly, I ask you, carry your cross, not as a punishment, nor as a martyrdom. Carry your cross for all the souls of the world, for the horror that the Kingdoms of Nature endure while no one, not even the

majority, remembers them.

Love as you have never loved before, and your hearts will be redeemed.

Trust. Because if you love, God will be present in your lives.

My Words bring the power of the new, the renewal, because I renew all things.

I come to announce to everyone that I need you to carry My Work forward. And while you are purifying yourselves, I will help you to see the aim in your inner universe.

Today I celebrate a reparative supper with everyone. I pour My Grace over the world to bring Peace.

They have prepared a special bread for Me, that I like very much because it is the bread that symbolized, two thousand years ago, the presence of My Body, in divine matter, for all the souls of the world. Whenever you make a bread like this, know that you will remember the presence of the Son in the Last Supper and His transfiguration in Light and Love.

We offer these gifts for all the fallen souls, for those who have abandoned My path, in these last times, because I will meet them again and I will say to them: "What have you done with the talents I gave you?"

The precious pearls that I give cannot be discarded. Therefore I transform you rapidly and I bring you into the circuit of purification so that you do not lose the treasures that I have deposited in you, in confidence.

Therefore, those who are today around this Work are not the same as those who were here yesterday, I teach them to work in humility, but not in the indifference of being rested, without doing anything for the Plan.

I invite you to recognize an anonymous life, a deep emptiness, so that the silence may emerge which will always reveal the sacred to you.

There is no first or second for Me. All are in the lines of the army of the Redeemer.

I invite you to take advantage of the opportunities that I give to you in the last lines, for in them is the greatest responsibility to encourage those who come to transcend their lives and to fulfill the Purpose that God intended.

Let us celebrate this Supper for the apostles who are arriving at My table and for those who will come to demonstrate to the older ones, in this apostleship of love, that humility will always keep them united to God.

And you will do as I did with My apostles: you will wash the feet of the younger ones so that they have a greater opportunity to love.

Be humble as I taught you, do not want anything for yourselves, but everything for the others. That is a soul who lives in heavenly joy.

Friar Elías del Sagrado Corazón:

At the request of Christ let us sing: "Warriors of Mercy."

Mercy, Ocean of Piety...

Dear companions, I leave you My Body and My Blood as a testimony of My Faith in you, for the Purpose of God to be fulfilled in each heart that is congregated to My Spirit to live the Sacred Word and the divine example of Christification.

I thank you for enduring with Me the powerful currents that come to liberate humanity.

Know that My Heart offers Itself as a refuge for each soul that aspires to be in it.

We will see each other, companions, in the next Marathon of Mercy, in which I will visit My most beloved apostles, those who support My Work unconditionally.

See, in that sense, that the plans that I have for all are a source of Grace for the souls, an opportunity that cannot be missed.

Be conscious of this and support My holy decisions, because thus you will not be deceived.

I bless you, in the name of God's Light, under the power of the Father, the Son and the Holy Spirit.

Be peace for this planet and never tire of being so.

While I elevate myself, my warriors of Mercy shall sing, for the strength of the warrior is in Love.

Warriors of Mercy...

Friar Elías del Sagrado Corazón:

Brothers and sisters, let us thank Christ for the opportunity that He decrystallize our consciousnesses in representation of all the consciousnesses of the Planet who live in the illusion of these times, who do not know the Love of God and who are not awake to the true task.

Let us give thanks because Christ, as a greater Governor, comes to bring us these currents so that we may know them and distinguish them and not fear them, but instead open our hearts and our spirits to be able to follow this Work of the end of times to which we are being summoned, as He said today.

Today He came with all His Celestial Government, to say it in some form.

When He appeared He had a staff in his left hand, with which He hit the ground and an expansion of sun Light embraced the whole planet in a matter of seconds, taking, liberating and expelling many evils.

He showed this deed, this exercise, not for us to know His Power, because while He did this exercise, at the same time He revealed His meek and humble Heart.

We feel that Christ came to teach us to experience determination, to put an end to a phase and start a new cycle, accompanied by His Presence.

Thus we are invited, as He said today, to follow His holy decisions.
