SPECIAL APPARITION OF THE VIRGIN MARY IN THE CITY OF MADRID, SPAIN, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

I am the Mother of all the children of the world and from Heaven I bring you the peace that is possible to live in these times.

This is why I am here, dear children, so that you may believe in this; because in spite of what happens in humanity, My task continues to be completed in all hearts.

I open the Heavens so that your hearts are able to rise towards Me and thus enter the Heart of God, who with ardent love awaits you to give you shelter in His Spirit and in His Divinity.

Dear children, I come to Madrid with the same mission as two years ago. The Guadalupana must now travel through each province of Spain and must reach the hearts that are unknown to you; because if you go on pilgrimage with Me, carrying the Holy Image, hearts will seek it, for they have lost faith in God and need to find it again.

This is why I am here, dear children, to ask this of you; because from the Heart of Spain it is possible that this task can begin. And thus, you will find souls that will need to live in prayer, will need to learn how to pray and know how to connect with God.

You, who already live in My School of Prayer, will know how to do it and how to teach it, because I will inspire you with the power of the Father, of the Son and of the Holy Spirit.

In this way, dear children, you will gradually come to know the Gifts of God that are waiting to descend upon humanity and into simple hearts that open to find the path of consecration to the Plan of the Most High.

Today I come here to unite what is separated between consciousnesses, just as the song says.

I come to establish the New Humanity in your essences, something that today you will not be able to understand, dear children, but which you will build little by little within yourselves, taking the steps in the Plan of the Lord and in the redemption that My Son offers you in this time. Thus, dear children, you will never be alone. No matter how much you feel you are losing your inner strength, My Heart will always support you.

I am that sacred hand that reaches out to you so that you can take hold of it firmly and feel completely safe on this path of conversion and of the transfiguration of your lives.

Spain must be the kingdom of My Immaculate Heart, because united with Portugal, it will be able to radiate peace to the whole European continent and beyond it.

You know, dear children, that you can count on the Sanctuary of Lys and also the Sanctuary of Medjugorje, but this is still not enough. There are still hearts that have not repented and cannot find the path to My Son.

I come to show you the pathway that takes you to the Heart of the Celestial Father, and this will cease to be a theory or something that is so invisible for you, dear children.

I need you to take shape as My pillars, as I have already told you once before, and that you continue to keep strengthening your spiritual life so that I may be near you and guide you on the path of the end of times, amidst the shadows and the darkness that the world experiences.

I want this image to be a portal of Peace, because for this I have consecrated it for each one of you and for your brothers and sisters on the path.

In the same way that Guadalupe carries out an important task in the United States, she also fulfills it here, because from here I left to manifest in the Americas and to be known as the Mother of the Americas and the Mother of all Peoples.

I inspired the apostles of Christ when they evangelized and preached in this region, so that they might make My Gospel known, which is the story of the Mother of God with Jesus Christ, your Lord, so that they might make My silent Work known and that it might be testified by each one who heard it.

This story reached Guadalupe, in a corner of this great Spain. And from there I was known to the world, when My sacred Aspect of the Mother of All Races was shown in the Americas; reminding the white man of the union with all the peoples through unity and love, which in that time in Guadalupe, I came to institute by order of God, so that the people of Europe would have an opportunity in this end time, in this time of purification, in this time of transition.

Your hearts have been self-summoned for this and have not ceased to fulfill what I have requested, in this Work, of expanding the Light of My Heart throughout the world, especially in Europe.

My mission with you, dear children, must go beyond frontiers and nations. You must reach those closed hearts that do not want to know Jesus nor want to have anything to do with God. In you there will be no method for doing it, nor a rule. You transmit with the love of your hearts, the love you feel for Me, and thus I will work. And when you gather together to pray with your brothers and sisters for those who are unknown to you, they will be able to be changed by My Love and will find the peace they seek so much.

Dear children, I expect this of you in this time. That is why I have come here to Madrid, to carry out a renewal of your vows to the Celestial Father and to the Plan of redemption of My beloved Son and of My Immaculate Heart.

The next step, in Europe, is to disseminate the love of Saint Joseph, and the transformation that this holy man experienced while being human, being a simple and real man.

Thus, dear children, I want to create in you and in this people of Europe, a new human being, and leave behind the old human being who has closed themselves off from transformation and from renunciation.

Saint Joseph will be the Mediator that will lead you on this path. If you disseminate Our Lady of Guadalupe, you will know to disseminate the Chaste Heart of Saint Joseph, for in truth I tell you, dear children, that even here in Spain, for example, there are simple souls that feel God in their hearts, but do not know how to connect with Him.

The souls that are closed are My preferred souls. They are the ones I aspire to find through your hands, through your services united with My Son, with His Sacred Heart.

There is still much to be done here, and it is time for your hearts to be able to grow in this task and not be afraid of taking the steps, just as your brothers and sisters have done so in other parts of the world, definitely surrendering to live the Plan of God and to cooperate for the salvation of this humanity, of all the Kingdoms of Nature, which are so abused.

Dear children, I am in communion with all of you, every single day of your life, and in each moment that you pray to My Heart, I can strengthen you so that you live this Project that is so unknown to the world, which is the Project of Love and of Redemption.

Today I hover over you, dear children, because I love you. I love you so much, with an eternal rejoicing of My Immaculate Heart, which pours Its Graces upon Its children so that you may be firm and sure on the path I invite you to follow.

I am your Mother of peace, I am your Mother of love, Mother of trust, Mother of consecration and of hope. I am the one Who lifts you up when you fall, I am the one Who cheers you up when your hearts are sad or when you are confused by My adversary.

Unite with Me through the Holy Rosary. As you have done today, contemplate each divine mystery of My Son. In this way, your hearts will be custodians of the codes of the Celestial Universe, which will be indispensable in these times and for all of humanity. But as I know, dear children, not all will receive these codes that will help transform the world. The very few who will receive them will have the responsibility of being consistent with them and of expanding them with love and joy throughout the world.

Your guardian angels are confident that you can do it. Count on them in this Work of co-redemption that you are experiencing with Me and in union with My Son.

Thus, I come to prepare you for the end time and so that you never forget this moment, in which Heaven touches your hearts and lives in order to renew them and provide the impulse for giving a little more in honor to God, Who contemplates you in this hour, with gentleness and deliberation through My Immaculate Heart.

Feel, dear children, how My Peace is alive. Beyond being non-material, it is felt and beats in the heart that opens to receive it.

Seek the gifts of charity and goodness and you will be on the right path. Do not look for personal realization, but rather the concretization of works in humanity through the Sacred Hearts.

In this way, dear children, as Your Patroness of Guadalupe and of all Spain, we will be able to achieve in silence the redemption of millions of souls that are submerged in the chaos of this world, and in the superficiality of material life. My adversary has undertaken closing these hearts, but today I am giving you the master key, which is the key of your hearts, the key of love and of trust in God. Because the heart that is patient, dear children, achieves all things.

Let us pray now, dear children, for humanity.

Prayer: Our Father (in Aramaic).

And see here, dear children, that today, before the Altars of God, you offer Me the greatest testimony of truth and of redemption for the hearts of the world, through the precious Blood and the divine Body of your Lord, Who having poured out all the codes of rehabilitation for hearts and spirits, today will be present through this bread and this wine, through the transubstantiation that the angels of the Universe, united with My Heart and in adoration, will change these elements in glory to the Celestial Father.

When you drink of the Blood of Christ, do it for those who do not drink the precious Blood of Our Lord. And when you commune, dear children, commune for those who offend Him and deny Him in this time.

You will sing to Our Lady of Guadalupe, just as you have done, so that My Aspect may unify all the races and all the peoples in the spirituality of Christ.

I thank you for responding to My call.

Friar Elías del Sagrado Corazón:

We want to share with you about what the Apparition was like.

Mary asked us to do a short description and that Mother María Shimani comment on what Mary instructed us about today.

When we were singing, in one of the decades of the Mystery of the Rosary, Mary first showed Herself as Our Lady of the Assumption, that Aspect that is shown when She rises up to Heaven in Body and Soul. It was when the sister Piedad was singing the Ave María of Gomez, a very intense moment.

Afterwards, in the next song, if I remember correctly, was when a spiritual condition was created and the angels, a part of the ultra-terrestrial universe, descended and began to provide great help for Spain.

I have never seen a nation receive so much help in unison. It was something simultaneous, because it was as if, from here, from the Heart of Madrid, the angels went out to various points in the provinces of Spain and began to release many bad things, very bad. At that point, the work of liberation began, which was a harmonious work, a very aligned work, very elevated.

And well, the moment of the Apparition came and Mary showed Herself as the Queen of Peace and indicated to me that I should face you, face the brothers and sisters, because She was going to appear here and that we should pray.

At that moment, I perceived that Mary was carrying out a task with the inner self of each one of you, with the inner world, with the very deep world. She was doing something as a Mother, like when a mother tries to fix an object that is broken. I am explaining symbolically about what She did with your souls and with many souls that are not physically here, but that are on other planes, and which Mary helped to fix and to restore.

She began to do a work of spiritual restoration. She began to cleanse, to purify what we understand as our sins or our faults, our omissions, our value judgments and even our arrogance. She began to lovingly clean.

At times, we were seeing Mary as if with a wipe, with a little cloth that she was cleaning our souls, our spirits, of those present and those who are not present here as well.

She went doing this task, and I perceived that at that moment She was preparing the field of work. She began with what you heard on Guadalupe, the Pilgrim Virgin. Mary carried out an act of restoration of the task of the pilgrim image that is in the United States at this time, doing an important work with the groups of the United States and also here, on the Iberian Peninsula.

And when Mary expressed that She wanted the Pilgrim Virgin from here, from Europe, to go through all the provinces of Spain, it was because She was going to do a task in each province. She knew we would ask ourselves how to do that, because we know each other, and we don't know others. In that dimension where She was, She was showing that there were consciousnesses that were waiting for the image. For example, in a hospital, a residence, a nursing home, a family of a home that needs Mary of Guadalupe to unite, like a family that is separated or a person that is suffering.

She says that today She did an initiation in us, She initiated us for a new action. With that initiation She did in each of us, She spiritually opened a door, so to speak, so that those souls may find the Virgin of Guadalupe. She said we have to put our hands to work, just like the Pilgrim Virgins of other countries are doing in Colombia, in Nicaragua, in Brazil, in Argentina. The work with those images is important.

Then, Mary gave us an impulse. Today we spiritually received an impulse directly from Her, which is not very usual for Mary to do, so that we can begin this task. And when we do this task and get organized, things will happen naturally.

I felt that it was a task and a very great aspiration that Mary placed in you, which is to reach closed hearts. She says that Mary of Guadalupe, the Pilgrim Virgin, should reach, for example, Russia, because there are many Russians that have need of Mary, many Russians that need to be touched by the Virgin of Guadalupe, by that Aspect.

So we perceived that Mary had us face a mystery that isn't so much so, because She is revealing how She works in a simple way with humanity, with souls. She is teaching us in a very direct way to be mediators, as She was, as Saint Joseph was, or Christ Jesus Himself. That it is not something distant from us, but rather is very close to what we can accomplish. So She left this impulse with us so that we keep it well in mind.

Madre María Shimani de Montserrat:

I was also asking myself, while I listened to the Mother, when She was going to name Saint Joseph, because it was something that I had very strongly felt, because He is Who teaches us to be simple and to be humble, which is what we lack, which is why we don't reach others.

We cannot reach other people in an open, quick and effective way, because we are neither simple nor humble. I felt that we needed the intercession of Saint Joseph. If we study Saint Joseph, everything He has transmitted to us, He has a teaching technique that is infallible. With those words and that way of working, that way of transmitting the instruction, He is capable of moving through spaces in our consciousness that not even we know about. So it was absolutely essential that Saint Joseph arrive on the scene so that we could learn about that simplicity and that humility, because it is through these attitudes that we will be able to reach all those closed hearts.

Think about how Mary came to you. How it was that a person spoke to you about Mary and touched the heart of each one, in a simple way, in a humble way, in a direct way. And that is what we have to do for other people, because we cannot hold on to all the Grace in us, because there are many beings that are really needing a lot of help.

If you review the messages of Saint Joseph, you are going to find many keys there on how to be simple and humble, real, transparent. And it is in this way that other people are reached, because when it is the heart that speaks, the whole world understands, because the mind is not present creating any condition. So, let's pay close attention, because each word of our Mother, each instruction, each indication, is what we need to manage to accomplish these patterns that She brings us.

So we invite you to study Saint Joseph, to let Saint Joseph become the third Divine Messenger in our lives. Because you must remember that They are three, and for something They bring, each one, a different way of reaching our heart and changing our lives. Let's not let a part of that instruction and that change be missing, because Saint Joseph is the sure and direct path to being simple of heart, just as God wants us to be. So we invite you to study Saint Joseph and to approach those people that most need this.

There are some ways to work with the Pilgrim Virgin that open many doors. And as the Friar was saying, when one dares to go to a hospital with the Pilgrim Virgin, an infinite number of things can happen; because there are a lot of people in a hospital and not only those who are sick; there are the families of the sick, there are those who heal or those who want to heal, all those who work in hospitals. It is impressive how Mary works, just Her. We appear with a Pilgrim Virgin in a hospital, we place ourselves in a waiting room, and you will see the miracles in which you will be able to participate.

Of course, one has to step outside of oneself a little and do that for Mary and for all those people that need it. And one door opens another, and that other door opens another; and before we realize it, there is a chain of people, of souls, that were touched by the love of Our Mother. But one has to dare. You have to do something that is not for you. You have to do something for others. For this reason, we need Saint Joseph to help us be a little more simple of heart. And well, there are other ways that some brothers and sisters have done, in other places of the world with our pilgrim Mother, that have been wonderful. We have some testimonies, some videos of some meetings, in which it seems that Mary is there and that everybody can experience Her. And neither the visionaries or the choir are present; it is Her that is there.

So we invite you to take this step, that you dare, and that afterwards you tell us all the stories about what Mary is doing here, in Europe.

We will meet in the Heart of our Mother. Thank you.
