### Weekly message of the Glorified Christ Jesus, transmitted in the Monastery Madre del Sol, Brasilia, Distrito Federal, Brazil, to the visionary Friar Elias del Sagrado Corazón

My Heart glorifies the efforts of those who are consequent with My Sacred Heart.

My Heart glorifies those who stand by My side and, with nothing in return, wait patiently for My coming.

My Heart glorifies those who are no longer at My side, but who are drawn by the power of My Spirit which once gathered them together and saved them. To all of them I give My Healing and My Grace by comforting them overnight, pulling them out of the void into Paradise. So, I leave alive My Christic codes so that those souls may someday reconsider and surrender to Me.

In My Kingdom, I have many servers, and every one offers Me their great virtue and love with the whole strength of their heart. It is in those servers that I feel fulfilled, for through them I endure, I suffer, and I understand human lacks that generate great deserts without the Water of Life within.

But I am taking you to the great shore of My ocean of Love and Mercy so that, in these difficult times, you may trust, take hold of My Hands and climb into My saving boat of redemption and peace, for through this infinite and inexhaustible ocean, I will reflect to you your true mission of love and redemption for this era of Earth.

Thus, I give you My paddles that are as heavy as the woods I carried on My Shoulders, out of love for you, without hesitation and without thinking. I wish you to row in spite of tiredness or loneliness, there is nothing between you and Me that can separate us.

I Am of this world, I Am part of you and from you I rose up to My Father to speak to Him and plead with Him for all humanity. But know that in continuous rowing, some will become shipwrecked, others will survive great storms of overcoming and trial. But through me, my Father will make you strong and serene.

Through My Peace you will reach the awaited harbor, the harbor of My Heart.

I leave you this parable, so that you may live it and not only listen to it, but that it may be the example of the full server who lives My apostolate.

Under the Mercy of God, be blessed.

Thank you for listening to My Heart!
