**Message for the annual Apparition of the Mother of the Divine Conception of the Trinity, transmitted in the Marian Center of Aurora, Paysandu, Uruguay, to the visionary Friar Elías**

Dear children,

While the whole world suffers through not looking at our Supreme God with love, today, on this blessed and glorified anniversary day, My maternal Heart is among you to again bring you peace and goodness, the love and forgiveness of the universe.

As Mother of Graces, I invite you to place your beings under the blue Rays that emanate from the powerful spring of My supreme Grace. You will be able to do this, My dears, through prayer.

In these times of great changes, God observes the loving response of all His creatures; for this reason, He, in His eternal Glory, sends Me to the world to warn it and guide it on the spiritual path of each soul.

Dear ones, as Universal Mother, in these end times of crisis, I am uniting souls and hearts under the same purpose of peace and conversion.

The Lord has requested Me to persist for humanity, and as My Immaculate Love for you is infinite and most precious, My Son also comes to meet with you to indicate to you and remind you of the only path that leads you to God, which is the path of the prayer of the heart.

On this special anniversary of My Presence in Aurora, I aspire that your spirits gather up the fruits that with so much love I will be giving you through My Apparitions. Thus, recognize now, My dear children, that you are not alone on this path that each one experiences day by day.

I want to thank you now for the response of all to My call to build the Bridge of Mercy. Today I also ask that you voluntarily help Me to finish building the pathways at the Marian Center of Aurora. In this way, My requests will be fulfilled through the love of all My children.

My Ray of Order and Ceremony must be established at the Marian Center of Aurora; for this, everything must be finished according to My blessed intentions. In this way, this part of South America will be able to receive My Graces through the harmonious radiation of the Marian Center of Aurora.

Dear children, today is a day of celestial celebration; therefore, unite with the angels of Heaven so the Mercy and the Grace of God may descend upon the Earth.

I thank the pilgrims for having responded to My call during this latest time!

Who blesses you in the Love of Jesus,

Mary, Mother of the Divine Conception of the Trinity
