**Daily message received of Mary, Rose of Peace, transmitted during the journey from the city of San Carlos, San Pablo, to the Marian Center of Figueira, Minas Gerais, Brazil, to the visionary Friar Elías del Sagrado Corazón**

Dear children:

May My Peace be your peace, so that by being able to see all the things in your lives from the vision of the Universe of God, in this difficult time, you can transform in time everything that will become a spiritual battle in the lives of many of My children.

On this day of awareness, may your consciousnesses enter into the spirit of the Divine Love and from there restore all that is damaged by your minds and feelings.

In the face of your purification, be seekers of the spirit of the Sacred Unity, because these are already My last Messages for the world, they are the last preparatory Messages that will be able to give you the necessary maturity so that you can work in Christ.

My Eternal Father made known to you the power of prayer and of the divine life through the Presence of Christ on the planet.

Live forever the aspiration to be nothing in this life, that way you will be reaching the spirit of humility more quickly.

Abandon your arrogance and say no to disunity, that way I will be able to say that you have grown in spirit and that you are truly in the right place, doing the right things.

Redemption is the same as purification. Do not put your inner aspects to tests that you could not pass. God has a place for each of His children.

I give you the freedom to choose the path of My Son, the path of perfection, or the path of the world, the path of pain and improvement.

Our Sacred Hearts await all of you in the Kingdom of Peace. Unify and do not lose sight of the sacred Purpose of God.

I thank you for alleviating My Heart outraged by the sins of the world.

Who holds you in the arms of Mercy,

Your Mother Mary, Rose of Peace
