Message for the Vigil of Prayer of the Blessed Virgin Mary, Mother of God, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil, to the visionary Friar Elías

My dear children:

Today I speak to your hearts, so that united on this day in the Love of Christ we may pray for peace in the hearts.

My children, yesterday I spoke to you about the importance of supporting with the heart the workers of God on Earth, workers that help the flocks of My Son to be conducted through the path of eternity.

Dear children, today I ask you that on this day of spiritual decisions that will occur in the Church of My Son you, like true brothers and sisters of the path, renew yourselves in prayer and fraternity, supporting the important plans of My Son Jesus. The Lord, who is in Heaven, awaits your honest and humble collaboration with the designs of the Church of My Son, through the offering of your prayer.

My children, know that millions of brothers and sisters in the world will depend on the new worker of God, a worker that must feel accompanied by the fraternal hearts that radiate peace and that live the true face of the Divine Purpose.

Through prayer, you will not only be rebuilding the world, as with fasting, but you can also be loyal servers and guardians who keep vigil of the paths of many souls. This is one of the reasons for so many Marian Apparitions in Medjugorje, like now in your house, month by month.

Dear children, for this reason, My call in Medjugorje is to reignite the life of the Sacraments, such as Confession and Communion, and also the experience of fasting, of the gospel and of prayer, that I have revealed to you as the five little stones of salvation.

Now present with you for almost seven consecutive years, My Immaculate Heart calls the Christians and the believers in God so that, in fraternal unity, they support the events in the world. This task requires from you all the love, faith, and fidelity for the world not to be so spiritually harmed, as it is now.

Therefore, My children, in this specially blessed month of March, My maternal Heart will follow, as in Medjugorje and in Salta, the great spiritual and Christian moments that the Church of Christ will experience.

Here, dear ones, we will be gathering in love the flocks, as it is written in the Holy Scripture: the chaff will start to be separated from the wheat and your hearts must be ready in prayer for this moment.

If humanity listened to My call, prayed, and lived My Message, the Holy Spirit of God would convert and save the world. As My beloved Son has said, I will count on many devotees, but I will

face evil to defeat it with few soldiers, so will be the Law for this time.

Who would want to risk their lives out of love for the Plan of God?

Which of My children will accept to experience it in trust and faith as the Virgin Mary experienced it?

Dear children, above all things I am in your hearts and I will be for a longer time through Apparitions until God asks Me. I love you, therefore My Love wants to be present within you all the time.

I thank My children of Figueira for having waited for me all these months because My Immaculate Heart returns home!

I thank you, dear children,

Praised be Jesus!

Mary, Mother and Queen of Peace
